PARENT-TEACHER ASSOCIATION

Early in the fall of 1919 an interesting notice—one announcing a High School Parent-Teacher meeting—appeared in the Greensboro *Daily News*. There was also a comment to the effect that this organization was the newest member of that City Federation. The fact that it was the newest organization was not the significant thing, but the motive and purpose behind the organization was significant.

The realization on the part of the Parents and Teachers that in the High School there is need for coöperation in order that the High School may be improved and that the best things possible be given to the High School boys and girls formed the basis for organization. Thus the organization began. Committees of various kinds were appointed, as health, playground, school improvement, and entertainment.

For four years the Parent-Teacher Association has grown and proved itself indispensable to parents and teachers. Indispensable to parents because it gives the parents an opportunity to know the teachers, to know the school better, and to feel that the parents have a great part in the education of the High School Children. The school may fall short in some things, then a group of three hundred parents may call attention to such error more effectively than one person presenting it. In numbers there is strength.

To the teachers this organization is indispensable! They can bravely undertake any task, however arduous, when they know that just back of them is a strong wall of interested parents. The monthly meeting, with the timely programs give teachers a chance to get the parents' viewpoint of various problems pertaining to the welfare of the school.

If it were not for the High School Parent-Teacher Association there would come to Greensboro many a teacher homesick. But each teacher is made to feel welcome here by members of this organization. And after they come—well the entertainment committee treats us royally and soon each teacher is comfortably located. Throughout the year this committee plans for the teachers wonderful receptions.

This organization is worth while—may its life be long!

EDITOR'S NOTE

This picture, very unusual and absolutely the star production of the Gate City Co., is called THE REFLECTOR. It deals with four years of toil and terror, happiness(?) and hardship, error and expense, perplexities and politics, flapper follies and tea-hound tribulations. All this culminates in a final triumph. This success eases the dark presentiments and sad misgivings of those unfortunates in "Borderland."

The photography was made on the immediate scene of action, at great danger to all concerned, especially the camera.

Owing to the increased cost of production, the price in elbow grease and spot cash far exceeds that of all former productions in this line.

We present it for your approval.

Vincent Schenck is the little daughter of Mr. and Mrs. Merlin Schenck, also of West Market Street, and aged three.

She is Vincent Bargamin's beloved neighbor and "beloved girl." She is moreover the loveliest little thing that the bright eyes of Vincent Bargamin could possibly light upon and 'tis no wonder that she is his declared sweetheart. She is as blue-eyed as he is, and brown haired and bewitching to the last degree. In temperament she is his exact opposite, and therein the class gets the charm of the passive type. She is like the sweetest flowers that grow, but fairer and sweeter than any of them.

To look upon these mascots is to adopt them, they are irresistible and the members of the class of 1923 under the charm of the two Vincents go forth to win—they must if for no

other reasons, "By these signs they conquer." The very interpretation of their name declare it. Vincent Bargamin, Jr., Vincent Schenck!

Vincent Bargamin, Jr., West Market Street, a mischievous, blue-eyed, rosy cheeked captivating youngster, ready to do and ready to dare—the finest type of an active, radiant four-year-old that North Carolina produces. He looks like a Kewpie on the warpath, he is so bigoty and unafraid, always itching for a good fight, so bright and funny.

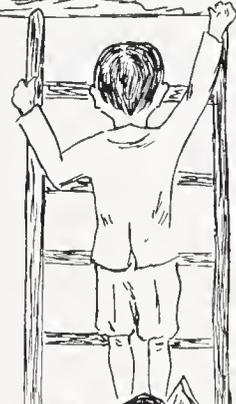

He would be perfectly delighted to tackle creation and all the imps for the class. He is our active mascot.

Any one asking Vincent Bargamin the inevitable question, "Who's your sweetheart?" would receive the instantaneous reply, "Her," pointing to tiny little Vincent Schenck.

BERNARD APPLE

CLASS 1923

AUGUST 15, 1906

DECEMBER 16, 1922

SARA ALLRED
"Sara"

Age 17, weight 110, height 5 feet, 10 inches.
Activities - Literary Society (2), Athletic Association (1), (2), (3), (4)

"Her voice was ever soft, gentle, and low—
An excellent thing in woman"

Sara is the calm, quiet and serene. Though the commonest things in a snarling jangle of that ivy paneled walls instead of the one ear-knocking organ. If someone's comb-over consists as much as hers, perhaps we would not be so entitled as to the cause of Sara's mirth.

CHARLES WESLEY ANDERSON
"Charlie"

Age 17, weight 130, height 5 feet, 8 inches.
Activities - Athletic Association (1), (2), (3), (4), Student Club (4)

"Tho' I don't do anything, I'm good in most everything."

Charlie may be idle, but he gets the most enjoyment from things that come in large packages. His worries about that are good in that Character and History, providing there are no observers from N. C. C. W. around. He remains and can work willingly, even if he doesn't get "A" in everything. He is, therefore, a good fellow.

MARGARET PAMELIA BARNES
"Margaret"

Age 17, weight 110, height 5 feet, 6 inches.
Activities - Literary Society (2), Athletic Association (1)

"Her heart is pure, her life serene"

When a girl meets with that kind of girl, Margaret is one of the best and sweetest girls in the Senior class. She has enough wit to make her own way, and enough humanity to make her own way. Margaret is the kind of pure, unadorned girl that one gets to meet only in the Senior class. In the years to come she will be remembered for something that she has done.

ELEANOR PHILLIPS BARTON
"Eleanor"

Age 17; weight 130; height 5 feet, 7 inches.

Activities: Claxtonian Society (1), (2); Athletic Association (2), (3), (4); Monogram Club (4); Science Club (2), (3), (4); Girls' Athletic Council (4); Volleyball (3); Orchestra (1), (2), (3), (4); Varsity Basketball (4); Hiking Club (3), (4).

"In all sports she does well."

Eleanor is a "master of all trades" where sports are concerned. She won a place in the swimming meet, plays class and varsity basketball, and tennis. Everybody thinks she's supremely indifferent, but the people who know her best say there are times when she "hides an aching heart 'neath a smiling mask." Her ambition is to be a violinist. Well—while there's life there's hope.

CLIFTON R. BERRIER
"Chip"

Age 17; weight 142; height 5 feet, 10 inches.

Activities: Athletic Association (3); Class Basketball (3); Track Squad (3); Literary Society (2); Science Club (2).

"Who broke no promise, served no private end, Who gained no title, lost no friend."

"Chip" has been a member of the class for four years and in no way has he been a liability. What higher praise could be given him?

MARJORIE LEE BLAIR
"Margie"

Age 17; weight 110; height 5 feet, 6½ inches.

Activities: Charter Member Athletic Association (1), (2), (3), (4); Varsity Basketball Squad (1), (2), (3); Junior Class Team (3); Senior Class Team (4); Literary Society (1), (2); Junior Historian; G. H. S. Stringers (4); Hiking Club (3), (4); Monogram Club (3), (4); Associate Athletic Editor **High Life** (3); Editor-in-Chief 1923 **Reflector**; French Club (4); Poetry Club (4); Girls' Athletic Council (4); Head of Basketball (4); Biology Club (2); Tennis Club (3), (4); Wearer of G. and G. N. C.; Torchlight Society (4).

"Not too serious, not too gay
But all-together a jolly good fellow."

To begin with "Margie's" true blue. Regardless of your trouble she will either help you out, or laugh you out of it. Always the center of a or laugh you out of it. As to versatility of achievement, the records bear witness to her athletics, the teachers to her charm, her numerous friends to her congeniality, and this volume of **The Reflector** to her literary ability.

ADDIE OLIVER BROWN
"Addie"

Age 18; weight 108; height 5 feet, 2 inches.

Activities: Association of Athletics (4); Dramatic Club (4); Hi Collect (4); Glee Club (4).

"With a writhing, serpentine movement."

Addie is the Pavlova of class. She "trips the light fantastic" in any shape or form, whenever the opportunity offers. There's no denying that Addie looks like a vamp (and who wants to deny it?) But appearances are deceiving for nobody could be more straightforward and attractive in every way than Addie.

ARVID CARLSON
"Doc"

Age 18; weight 144; height 5 feet, 10 inches.

Activities: Literary Society (2); Secretary of Class (4); Science Club (4); Athletic Association (2), (3), (4).

"Plays the game, and knows the limit,
Yet he gets all there is in it."

Arvid, otherwise known as "Doc," is one of the most popular boys of the class. Arvid possesses a wonderful trait, the ability to laugh at himself as well as at the other fellow. "Doc" is one of the pillars of the class and can be counted on to do his part, because, he goes at his work with a smile. His smile and ability will put him where he belongs—well on the road to success.

VIRGINIA CARSON
"Virginia"

Age 18; weight 122; height 5 feet, 7 inches.

Activities: Athletic Association (2), (3); Literary Society (1), (2); Folk Dancing (2).

"Contented and happy, from care I'm free."

Virginia has the enviable faculty of enjoying herself anywhere. And she always does her work, too. It is an unusual combination. We prophecy success for anybody possessing it. Luck to you, Virginia!

MARJORIE ELIZABETH CARTLAND
"Marjie"

Age 17; weight 135; height 5 feet, 7 inches.

Activities: Athletic Association (1), (2), (3), (4); Class Basketball (4); Literary Society (1), (2); Volleyball (3); Poetry Club (4); Short Story Club (4); Latin Club (4); Hiking Club (3); Member of the Torch Light Society (3), (4); French Club (4); Tennis Club (3), (4).

Marjorie's sweet disposition, rosy cheeks and innocent look have carried her sailing through the four years of her high school life. Her remarkable facility for getting on the good side of the teachers has led many to dub her "teacher's pet." In fact, she has made an enviable record, not only in grades but in many other phases of activity.

MARY ELIZABETH CHETTY
"Chet"

Age 17; weight 145; height 5 feet, 5 inches.

Activities: Literary Society (2); Athletic Association (1), (2), (3), (4); Hiking Club (3); Hi-Collect Club (3).

"The blue of her eyes and the gold of her hair Are blend of the western sky."

"Chet" was voted the laziest girl in the Junior Class, but it was rank slander. The notoriously ignorant mob was, as usual, misinformed. Because "Chet" never tears her hair or goes into hysterics, they think she's lazy. But she's always there with the goods, and generally with Ruth Hardng.

HELEN ELIZABETH CLAPP
"Hec"

Age 17; weight 138; height 5 feet, 4 inches.

Activities: Athletic Association (1), (2), (3), (4); President of Athletic Council (4); Tennis Team (4); Class Basketball (2), (3), (4); Varsity Basketball (4); Vice-President Girls' Athletic Association; Manager Girls' Basketball Team (4); Athletic Editor *High Life* (4); Latin Club (4); Monogram Club (4); Literary Society (2); Tennis Champion Doubles (4).

"She gave her hair to the winds to scatter."

"Hec" is always good-natured. Even in a basketball game, in which she generally stars, her cheerful grin never disappears. The same may be said for her in a tennis game. She has the rare ability of both losing and winning gracefully. "Sportsmanship" is her motto and she lives up to it to the last word.

HERBERT COE
"Herk"

Age 17; weight 148; height 5 feet, 10 inches.

Activities: Literary Society (1); Biology Club of 1920-21 (1); Literary Society 1920-21 (2); Science Club 1921-22 (3); Science Club 1922-23 (4); Torch Light Society 1922-23 (4); Track Team 1922-23 (4); Class Football 1921-22 (2).

"A quiet diligent worker."

He is the boy of whom Miss Summerell said: "He can do it, if it is more than anyone else is doing." He can even take seven subjects in six periods and do so well on them as to make Torch Light Society—Lut his special is Physics. Herbert will make good.

JAMES HERBERT COLE, JR.
"Babe"

Age 18; weight 155; height 5 feet, 8 inches.

Activities: Football Squad 1921, 1922; Class Football 1921; Track Team 1919, 1920, 1921; Athletic Association 1919, 1920, 1921, 1922; Boys' Literary Society 1919, 1920; Monogram Club 1921, 1922.

"Thy modesty is a candle to thy merit."

Herbert is very studious. If you go to the library in study period Herbert is always there, deeply engrossed in a book. He is not seen very much with the other students, seeming to prefer quiet solitude to the "merry party." This quality, however, seems to have been a great asset to Herbert, as we have circumstantial evidence that he passed six subjects last semester.

MACON CRAWFORD COMER
"M. C."

Age 18; weight 140; height 5 feet, 8½ inches.

Activities: Annual Staff—Athletic Editor (4); Science Club (3), (4); Hi-Y Club (4); Athletic Association (3), (4); Class Basketball (4).

"It's a great plague to be too handsome a man."

M. C. is a quiet (?), good natured fellow who refrains from all association with the ladies? ? ? He is the only "Georgia Cracker" we can boast of and he certainly makes up for the scarcity. His greatest charm, the girls think, is his permanent wave, which is at once the envy and despair of every one in class.

NORMAN C. COOPER
"Coop"

Age 18; weight 155; height 5 feet, 9 inches.

Activities: Athletic Association (1), (2), (3), (4); Literary Society (1); Secretary Class (1); Dramatic Club (2), (3), (4); Football Squad (2); Class Football (3); Manager Varsity Football (4); Spanish Club (3); Science Club (2); Assistant Business Manager Reflector (4); Monogram Club (3), (4).

"A lion among the ladies is a dreadful thing."

"Coop" turned his energies to bridge-playing rather than to geometry. But he proved his loyalty to the high school by managing the varsity football team (successfully) for two years. He is prominent in all activities.

MARY ELIZABETH COTHRAN
"Mary"

Age 16; weight 105; height 5 feet, 6 inches.

"Her eyes are stars of twilight fair,
Like twilight, too, her dusky hair."

Mary has made many friends since she came to us this year. Nor are they all of the fair sex. Boys, beware of those eyes. What it takes to make a real vamp, Mary has it. We greatly fear that Mary will smash all previous co-ed records at Carolina next year.

WALTER COX, JR.
"Four Hundred"

Age 18; weight 150; height 5 feet, 8 inches.

Activities: Athletic Association (1), (2), (3), (4); Baseball Squad (2), (3), (4); Basketball Squad (1), (2), (3), (4); Science Club (3); Literary Society (2).

"'Tis better to have loved and lost than never to have loved at all."

Walter's head will always be a bright spot in the memory of his classmates—thanks to "Four Hundred A" automobile oil. His pompadour is really a thing of beauty and a joy forever. Walter's always in a good humor and generally a "howling" success, if no other kind.

WILLIE CATHARINE COX
"Catharine"

Age 17; weight 98; height 5 feet, 2 inches.

Activities: Glee Club (1), (2), (3), (4); Athletic Association (1), (2), (3), (4); Stringers (4); Poetry Club (4).

"Where there's a will there's a way."

Catharine has the foregoing as her motto and lives up to it. She passes six subjects as easily, apparently as the rest of us pass four. Never a groan do we hear from her, and, most wonderful of all, she's not very proud of herself. Would there were more like her!

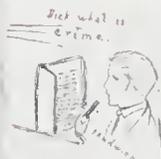

ROBERT RICHARD CRABTREE
"Dick"

Age 17; weight 135; height 5 feet, 8 inches.

Activities: Literary Society (1), (2); Dramatic Club (4); Science Club (2), (4); President of the Class (2); Assistant Manager Football; Athletic Association (1), (2), (3), (4).

"Talking, he knew not why, and cared not what."

Dick is an inveterate ladies' man. His senior ring has known more than one lily white hand. He has the added (?) attraction of a large supply of wit and the manners of a Chesterfield—when he wants to use them. Dick is a thoroughly good sport, in the best sense of the word.

EVANGELINE DANIELS
"Evangeline"

Age 18; weight 93; height 4 feet, 10 inches.

Activities: Literary Society (2); Spanish Club (2); Glee Club (3); Athletic Association (3).

"To improve one's mind—ah, that is a worthy ambition!"

Evangeline is duty's devoted servant. Other things simply don't enter into her calculations. She does what she's supposed to do and makes no complaint. Evangeline is also one of the most musical members of the class. Altogether she's a good citizen of Greensboro High School.

JOSEPHINE DAVANT
"Joe"

Age 18; weight 104; height 5 feet, 4 inches.
Activities: Literary Society (2); Assistant Manager Basketball (2), (4); Glee Club (3).

"Have your convictions and stand firm."

You hardly ever hear anything from Joe in the class room, but Oh, what about athletics? Then you can always find her on the job, yelling for G. H. S. Not only in one sport, but in all, is she a valiant follower of the "purple and gold."

CARMELL FERGUSON
"Parson"

Age 17; weight 105; height 5 feet, 3½ inches.
Activities: Literary Society (1), (2); Glee Club (2); High Life Staff (2), (3); Science Club (3); Torch Light Society (4); Dramatic Club (4); O. Henry Club (4); Athletic Association (3), (4); Class Volleyball (2).

"To those who know thee not, no words can paint,
And those who know thee know all words are faint."

"Parson" always knows the right thing to do at the right time—and she does it. She is surely talented along the line of getting "crushes" on teachers, and that a gift to be cultivated! Maybe she would like to turn the school into a convent but we'll have to excuse that as she is going to be a missionary and go to China on account of the wonderful scenery. She was ever for the promotion of the higher interests of the school. We wish her all success as she enters upon her future career.

BERTHA LEE FERREE
"Bertha"

Age 18; weight 130; height 5 feet, 6 inches.
Activities: Anna Howard Shaw Literary Society (1), (2); Girls' Athletic Association (1), (2), (3), (4); Historian (2); Marshal (3); Torch Light Society (4); High Life Staff, Assistant Editor (4); Latin Club (4); French Club (4); Dramatic Club (4); Senior Supply Room Committee (4).

"Fair of figure, fair of face, lacking in no good grace."

A girl who is attractive, mischievous and smart, a girl who is always ready to do her share of work for her school and one who does it cheerfully and to the best of her ability, no matter how hard or long the task may be—that's Bertha. These characteristics, together with the fact that she has been chosen for many high offices, let's us truly say that she's lacking in no good grace.

THELMA GULDMAR FLOYD
"Thelma"

Age 16; weight 118½; height 5 feet, 6 inches.

Activities: President of Latin Club (4); Vice-President Newswriting Club (4); Assistant Manager Girls' Basketball (4); **High Life** Staff (4); Debating Club (3), (4); Literary Society (1), (2); Girls' Athletic Association (1), (2), (3), (4); Spanish Club (2); Assistant Editor Spanish Column in **High Life** (2); Crazy Girls' Club; Girls' Council (4); Writer of Last Will and Testament (4).

"If I have an opinion I speak it."

Thelma will make a good lawyer in the not so far distant future, for she excels in public speaking and is a shining light in the debating club. She has a way of driving to the very heart of a question and choosing the side she thinks is right. She, also, has the courage of her convictions and sticks by her side through thick and thin.

DORA GOLDSTEIN
"Dora"

Age 16; weight 113; height 5 feet, 3 inches.

Activities: Member Hiking Club (3); Literary Society (2); Volleyball Team (2); Athletic Association (3); Hi-Collect Club (3).

"A perfect woman, nobly painted."

Dora was one of us at the bright beginning and she remained one of us 'til the bitter end. We know that she always will be one of us as far as loyalty is concerned.

BRUCE GREENE
"Willie"

Age 18; weight 170; height 5 feet, 10 inches.

Activities: Baseball (1), (2), (3), (4); Captain (3), (4); Football (2), (3), (4); Captain (3), (4); Athletic Association (1), (2), (3), (4); President (4); Monogram Club (2), (3), (4); Vice-president (3); President (4); Basketball Squad (2), (3); Class Basketball (4); Captain (4); Literary Society (2), (3).

"He's a wonder, he's a dream,
He's the captain of our team."

It would be more accurate to say Willie is captain of our teams. But his most flattering array of honors has not spoiled him a bit. There is not a less conceited person in high school. His modesty, however, has not prevented him from doing a very great deal for his school. He is equally popular with boys, girls, and teachers. It wishes were boys like Willie, we'd have a whole high school full.

My hindem for some powder

Willie Green
Lips Here

GATHERINE GREGORY
"Kat"

Age 17; weight 124; height 5 feet, 4 inches.

Activities: Charter Member Athletic Association (1), (2), (3), (4); Vice-President Athletic Association (3); Hiking Club (3); Vice-President Poetry Club (4); Vice-President Senior Class (4); Folk Dancing (3); Swedish Drill (3); Monogram Club (3), (4); Press Reporter Torch Light Society (4); Class Basketball (4); Dramatic Club (4); French Club (4); Debating Club (4); Tennis Club (3), (4).

"Those who know her best love her best."

The above quotation surely suits "Kat," for everyone who really knows her like her. Not only is she a fine student, but she has been known to handle delicate situations with rare finesse. Though possessed of a large following among the "mere men" of the class, she is able, at times, to so far neglect them as to follow the call of the muses. She is a lovable, attractive pal, of whose friendship anyone might well be proud.

RUTH B. HARDING
"Ruth"

Age 17; weight 125; height 5 feet, 7 inches.

Activities: Athletic Association (3), (4); Glee Club (4); Hi-Collect Club (3).

"I laugh for hope hath a happy place with me."

"Giggle! Giggle!" here comes Ruth. She seems to have a monopoly on them. We can't imagine Ruth being serious. We're sure the 1, 13's, whatever that is, could not have existed without Ruth!

MARY LUCILE HART
"Lucile"

Age 17; weight 94; height 5 feet, 1 inch.

Activities: Debating Club (4); Latin Club (4); Science Club (4).

"I slept and dreamed that life was beauty.
I woke and found it duty."

One cannot imagine Lucile with her lessons unprepared. Very often has she astonished the Latin Class with her flowery translations. We have but one thing to regret, and that is she came to us in our Senior year; '23 likes you, Lucile.

CLARICE RAMSEY HINES
"Clarice"

Age 16; weight 138; height 5 feet, 3 inches.

Activities: Literary Society (2); Commercial Club (3), (4); Science Club (2); Athletic Association (1), (2), (3), (4).

"Act—act in the living present."

Clarice doesn't advertise herself at all, but those in her classes know that she is one of the smartest and best students in the Senior Class. Clarice doesn't fly around at the last minute pale and baggard, trying to get up late lessons. She is always serene and smiling with the consciousness of work well done.

CLARENCE HOBBS
"Clarence"

Activities: Boys' Athletic Association; Physics-Chemistry Club; Literary Society.

"Ye Gods, I am vamped again."

We don't believe Clarence hates it as bad as he seems to, but with all his "ladies-man-ness," he is quite apt at manual arts. Some new carved dice or peach seed graces the end of his watch chain every day. Clarence seems everywhere in his little skeeter, which, if we are not mistaken, he made himself. We are sure that some day he will outclass Woolworth or even Ford himself.

FRANK HOBBS
"Frank"

Age 17; weight 145; height 5 feet, 11 inches.

Activities: Athletic Association (2), (3), (4); Football (4); Class Basketball (4); Track (3); Literary Society (2).

"Thinking is but an idle waste of thought."

Tho' Frank doesn't use his brain very much we do not intend to imply that he hasn't one. He does have a brain and a very good one too, as evidenced by the witty remarks he sometimes utters on class. Frank has always been an ardent devotee of basketball and he has been quite a success in the class series.

RUTH ELIZABETH HOBBS
"Ruth"

Age 17; weight 150; height 5 feet, 7 inches.
Activities: Literary Society (1); Athletic Association (1); Glee Club (4).

"A good heart is worth gold."

Ruth is one of the very few blessed with an even temper. Like all those so favored, she gets along remarkably well. She never has been known to "fly off the handle." She pursues the even tenor of her ways, absolutely unruffled by the things that send the rest of us into fits.

CATHERINE HOBGOOD
"Catherine"

Age 18; weight 122; height 5 feet, 7 inches.
Activities: Athletic Association (2), (3), (4); Literary Society (2), (3); Science Club (1); Basketball Squad (1); Volleyball (3).

"Still rivers run deep."

Catherine lives on the principle that children (including all school girls up to twenty years of age) should be seen and not heard, except when called on by a teacher. Then, says she, they should be heard as long as they have anything to say. Catherine acts accordingly and her grades testify to the fact that when she does say something it is the right thing.

WILBUR LEEROY HODGKIN
"Wilbur"

Age 18; weight 120; height 5 feet, 6½ inches.
Activities: Hi-Collect Club (2); Class Poet; Wilsonian Literary Society; Science Club (3); Short Story Club (4); Debating Club (4); French Club (4); Class Song Writer (4); Glee Club (4).

"What harmony is this, My good friends hark!"

Wilbur is blessed (?) with an artistic temperament. His contributions to his class are both poetic and musical. It will be many years before his friends forget that crowning achievement "Just a Sophomore." Our appreciation will always follow him.

MARY CAROLYN HUNTER

"Mary"

Age 16; weight 120; height 5 feet, 2 inches.

Activities: Literary Society (2); Hiking Club (3); Science Club (3); Athletic Association (3), (4); Volleyball (3).

"Her ways are ways of pleasantness and all her paths are peace."

Mary always has a cheerful word to say. She never seems "ruffled" or worried over things she cannot help. She is always willing to help those who are in trouble. It will be very hard to forget one who does as many kind things as Mary.

To the National, of Course

ROBERT EMMETT IRVIN, JR.

"Bob"

Age 19; weight 152; height 5 feet, 11 inches.

Activities: Athletic Association (1), (2), (3), (4); Hi-Y Club (2), (3); Science Club (2), (3), (4); Chief Marshal (3), (4); Debating Club (2), (3); Alternate on Debating Team (2), (3); Dramatic Club (2), (3), (4); Student Council (1), (2); Football Squad (2); Basketball Squad (1), (2); Class Football (1); Literary Society (1); Declamation Contest (2); Secretary of Sophomore Class (1), (2); Vice-President Junior Class (3); President Senior Class (4).

"Lead kindly light and always be lit up."

Robert is the president of our class, and as such he is an unqualified success. Through long practice Robert has at last learned to do the impossible—keep order in a class meeting. Robert has distinguished himself in every line of school activities. He is everything a member of the high school ought to be. We are expecting something big from him in the future.

That's just what he should be

WALTER CLINTON JACKSON

"Fatty"

Age 17; weight 193; height 5 feet, 10½ inches.

Activities: Wilsonian Literature Society (1); Treasurer Wilsonian Literature Society (2); Class Tennis (3); Football (3), (4); High Life Staff (3); "Hi-Y" Club (2), (3), (4).

"Indifferent as Socrates."

In truth, "Fatty" is indifferent, except when it comes to sports. His football record is remarkable. Beginning in his senior year, absolutely inexperienced, he made one of the best tackles in the state. His ability in basketball is not a thing to be sniffed at. He will leave a big (very big) hole in the athletics of the school.

RUTH CONSTANCE JAMES
"Ruth"

Age 16; weight 136; height 5 feet, 8 inches.
Activities: Science Club (4); Latin Club (4); Debating Club (4).

"Sagacious, bold, and turbulent wit."

Ruth who came to us in our Senior year is one of the brightest girls in the class. She literally shines in chemistry. Problems which seem impossible to others pass away into insignificance when her mind seeks the root of the trouble. Ruth has been one of the most valuable members of the class of '23.

WILSIE JOBE
"Wilsie"

Age 19; weight 139; height 5 feet, 7 inches.
Activities: Athletic Association (1), (2), (3), (4); Literary Society (2); Science Club (1), (2), (3), (4); Hiking Club (3); Class Team of Volleyball (2); Glee Club (2).

"Genteel in conduct, generous and free."

You may never hear much from her, for Wilsie is a girl who believes that "actions speak louder than words." She is very studious and uses all her time to the best advantage. However, she is never too busy to speak a kind word, or to help a friend.

HOPE KATHERINE JOHNSON
"Hope"

Age 17; weight 104; height 5 feet, 2 inches.
Activities: Glee Club (1), (2), (3), (4); Literary Society (2); Dramatic Club (4); Athletic Association (3); Folk Dancing Club (2).

"And life's worth while because you smile."

Hope is the possessor of a splendid characteristic a cheerful disposition. She greets everyone with a smile, nor is it the kind that rubs off easily. She has a firm belief in the saying, "Smile and the world smiles with you, weep and you weep alone." As we've said before—Hope smiles.

She strings them
with her smile

JULIAN E. JOHNSTON
"Nap"

Age 18; weight 160; height 6 feet.

Activities: Athletic Association (1), (2), (3), (4); Literary Society (1), (2); Commercial Club (3), (4); Dramatic Club (4); Manager of Supply Room (4); High Life Staff (4); President News Writers (4); Class Reporter (3).

"Nothing endures but personal qualities."

If you want a boy who is ever ready to help—see Julian. If you want a boy who is always on the job—see Julian. If you want a boy who is good looking—see Julian. If you want a boy who is quiet and unobtrusive—see Julian. If you want a boy who is always ready to push and hoost good things—see Julian. If you want a hot-dog—see Julian!

LILLIAN ESTELLE JONES
"Lillian"

Age 17; weight 122; height 5 feet, 7 inches.

Activities: Literary Society (1), (2); Athletic Association (1), (2), (3), (4); Field Day (3).

"She who sayeth little, thinketh much."

Lillian is always known by her armful of books. She ever spends her lunch period working geometry. She is very quiet, believing that "actions speak louder than words." Lillian is always pleasant and agreeable to everyone who crosses her path. With her great musical talent we believe that she will be a great success along this line.

ANNIE LEE KEITH
"Lee"

Age 16; weight 107; height 5 feet, 7 inches.

Activities: Literary Society (2); Baseball (3); Class Basketball (2); Athletic Association (2), (4); Field Day (2); Hi-Collect Club (2).

"Silence oft displays deep understanding."

"Lee" is one of our unusually quiet girls, but loves fun and is very witty. She can always be depended on for her lessons. These are only a few of the things that help to make Annie Lee one of the best-all-round girls in our class.

EUGENIA MADELINE LITTLE
"Leine"

Age 18; weight 100; height 5 feet, 2 inches.
Activities: Literary Society (2); Commercial Club (3), (4); Hi-Collect Club (2); Typewriting Contest (4).

"Speech is silver, silence is golden."

Madeline never complains of the amount of work that she has to do. Her love of good looks leads her into various channels of knowledge. Whether it be Homer or Snappy Stories, she always has her nose hidden in a book. Some folks think this is for an economic purpose, namely: the conservation of cosmetics.

Well, let me see

NANCY LATTER LITTLE
"Nanc"

Age 17; weight 119; height 5 feet, 6½ inches.
Activities: Athletic Association (1), (2), (3), (4); Junior Marshal (3); Junior Class Poet (3); French Club (4); Latin Club (4); Secretary and Treasurer of Poetry Club (4); Dramatic Club (4); Basketball (2), (3); Torch Light Society (4); Literary Society (1), (2); Science Club (4); Heald of Folk Dancing (3); Girls' Council (4); Chairman of Social Committee (4); Annual Staff (4); Hiking Club (2); Glee Club (3); Athletic Council (3); Senior Class Poet (4).

"A man, a man, my kingdom for a man."

"Nanc's" idea of heaven is a place where one dances with tall boys and eats whipped cream by the bucketful. Her disposition is an April affair all sunshine with occasional storms, which only serve to make the sunshine brighter. She claims the distinction of having the very bluest eyes in the class and her large circle of friends testify that she uses them to the best advantage.

The Seas

HARVEY ALBERT LJUNG
"Venus"

Age —; weight 135; height 5 feet, 9½ inches.
Activities: President Science Club (4); Vice-President French Club (4); Athletic Association (1), (2), (3), (4); Literary Society (1), (2), (3); Track Squad (2); Junior Class Basketball (3); Basketball Squad (4).

"A man's education is begun three hundred and fifty years before he is born."

Harvey's resemblance to the "Goddess of Beauty" is rather hard to spot. But he does look like the son of a "Viking." He says he's descended from a whole line of them. Well, he is a credit to his ancestors. His two strong points are Chemistry and Romance. We congratulate him on the first and wish him luck in the second.

Now if I could just find one of those aTams

ALICE ELIZABETH MANN
"Tibbie"

Age 16; weight 95; height 4 feet, 8 inches.

Activities: Anna Howard Shaw Literary Society (1); Athletic Association (2), (3), (4); Dramatic Club (4); Debating Club (4); French Club (4).

"Her happy disposition, her pleasant smile
Have won her friends for many a mile."

"Tibbie" is a firm believer in democracy and universal sisterhood. She's a good friend to whoever happens to sit across the aisle from her. She is absolutely unaffected and unassuming and these qualities have won her friends all through her high-school career. "Tibbie" has the love of many and the good wishes of all.

CELIA KATHRYN MANN
"Kat"

Age 18; weight 118; height 5 feet, 4 inches.

Activities: Athletic Association (1), (2), (3), (4); Dramatic Club (3), (4); Glee Club (2), (3), (4); H-Collect Club (2); O. Henry Club (4); Debating Club (4).

"Nothing is impossible to a willing heart."

"Kat" is one of those people who is always willing to do her share and a little bit more. Here's hoping that all the good times she's given to other people will be returned to her, doubled and redoubled!

HELEN LOUISE MENDENHALL
"Helen"

Age 17; weight 133; height 5 feet, 5 inches.

Activities: Athletic Association (1), (2), (3), (4); Literary Society (3); Hiking Club (4); Volleyball (4); Latin Club (4).

"Competent, helpful, never blue her virtues are many, her faults are few."

It is said that Helen burns the mid-night oil, but whether this is to acquire the perfect lessons which she always has, or for some entirely different reason, we are not prepared to state. The fact remains, however, that Helen does pass her work and that she does not study on week-end nights.

ROBERT MERRITT
"Bob"

Age 15, weight 135, height 5 feet, 6 inches.
Activities: Athletic Association (1), (2), (3), (4); French Club (4); Latin Club (1); Literary Society (1), (2).

"On their own merits, modest men are dumb."

Robert is red headed and lives up to it. His temper is a thing not to be trifled with. Robert has the crowning virtue of leaving other folk business alone and keeping his mouth shut about his own. May others profit by his example.

SARA ANITA MIMS
"Sara"

Age 17, weight 113; height 5 feet, 3 inches.
Activities: Vice President Latin Club (4); Member Athletic Association (4).

"I hold it good what merry wit affords, so I will be sad for nobody."

"Sammie" is one of the most interesting girls in the class. Her odd manner of expressing herself is the joy of English class. Always optimistic, she is indeed a true friend. We wouldn't be a bit surprised to hear of her being a famous musician some day. Regardless of what she undertakes we know that she will do it well.

A dignified senior
every day and every
way

REBEKAH BYNUM MONROE
"Beck"

Age 17; weight 120; height 5 feet, 5 inches.
Activities: Glee Club (1), (2), (3), (4); Athletic Association (2), (3); Class Prophet (4)

"There's many a black, black eye, they say,
But none so black as mine."

To know Rebekah is to be entertained, and the better one knows her, the more interesting she proves. More than once has she whiled away weary time by her ability to imitate both teachers and classmates. When she condescends to study she's plumb good. Most of her spare time is taken up making male hearts flutter. A loyal supporter of G. H. S. to whom every one wishes good luck.

It is
hair's out
home

MAURINE McMASTERS
"Maurine"

Age 18; weight 102; height 5 feet, 2½ inches.

Activities: Glee Club (1), (2), (3), (4); Athletic Association (1), (2), (3), (4); Art Editor Annual (3), (4); Hiking Club (1); Dramatic Club (4); Literary Society (1), (2); Science Club (1); Glee Club (1); Hi-Collect Club (2), (3).

"Style has she, the grace of a goddess."

All the senior girls are wont (?) to sit around and wonder at the way she wears her clothes! Or how she managed to fix her hair so peachy. But it is not only the girls who cast admiring glances at **Maurine**. Be careful, my dear, don't break too many hearts.

JULIA MASSEY McNAIRY
"Julia"

Age 17; weight 108; height 5 feet, 3 inches.

Activities: Literary Society (1), (2); Hi-Collect Club (2); French Club (4).

"She is jolly good-natured and true and her she is willing to do."

Julia is quiet, dignified and modest to the degree that all her classmates admire her. Yet, she is jolly and full of life and will always be remembered as a loyal comrade.

WILLIAM THOMAS NEAL
"Tom"

Age 16; weight 140; height 6 feet, 1½ inches.

Activities: Literary Society; President Commercial Club (2), (3); Athletic Association (2), (3), (4); News Writers Club (4).

"If looking wise would make one wise
He would be wise indeed."

Tom's about six feet of bone, mostly. No, the upper six inches isn't bone, nor is it ivory or wood—it's brain. And he uses it, too. He's just the best kind of friend to have, for he will help you with anything he can, be it history or math. His glasses and long face make him look like a professor or something, but he isn't. We all like him.

MELVA LEE NICHOLSON
"Nick"

Age 19; weight 115; height 5 feet, 4 inches.
Activities: Commercial Club (3), (4); Dramatic Club (4); Hiking Club (4); Class Basketball (4); Varsity Basketball (4); Athletic Association (3), (4).

"Much could be said of her, if one could read her mind."

Nick is one of our much respected commercial students. Although she doesn't talk much we know there is a great deal worth while in her. It is not only in "business" that she excels, but in basketball as well.

REBECCA OGBURN
"Beck"

Age 17; weight 142; height 5 feet, 8 inches.
Activities: Athletic Association (1), (2), (3), (4); Claxtonian Literary Society (1); Anna Howard Shaw Literary Society (2); Hiking Club (1), (2); Science Club (4); Orchestra (1), (2), (3), (4); Secretary Orchestra (1), (2); Tennis Club (1), (2).

"A letter to bridge the distance between friends."

Beck's calling, vocation, work and relaxation consists of writing letters—long, short, humorous, serious—but always welcome. She is a most promising young lady. Her friends are alternately overjoyed at her hint of parties to come and plunge into despair over their lack of fulfillment, but this small fault is out-weighed by her never-failing good humor. There is no girl in the class who has more friends.

MARGARET GRACE PATTERSON
"Peggy"

Age 17; weight 130; height 5 feet, 4½ inches.
Activities: Varsity Basketball Squad (2), (3), (4); Class Basketball Team (2), (3), (4); Volleyball Squad (2), (3); Charter Member of Girls' Athletic Association (2), (3), (4); Hiking Club (3), (4); Monogram Club (3), (4); Science Club (3); Head of Hiking (4); Press Reporter of Girls' Athletic Association (4); Member of Girls' Athletic Council (4); Expression Class (2); Member of Girls' Co-Operative Council (4); Junior Marshal (3); Biology Club (2); Tennis Club (3), (4).

"Ambition rules my brain, love my heart."

We have decided that Margaret's present "ambish" is to be a second "Pavlova." In diligent pursuit of this object she may be found almost any afternoon at the Y. W. C. A. threading her tortuous way through the intricate mazes of the "Swan Dance." Let us hope that "Peggy" will not yield to temptation (?) and abandon her career for a bungalow and an apron.

GWENDOLYN PATTON
"Pat"

Age 16; weight 113; height 5 feet, 3 inches.

Activities: Girls' Athletic Association (1), (2), (3), (4); Literary Society (1), (2); Glee Club (1), (2); Hiking Club (3); Dramatic Club (4); French Club (4); Latin Club (4); Debating Club (4).

"Original wit, a heart of gold,
A head to fit, are her's, we're told."

"Pat's" bewitching dimples will show in spite of her efforts to conceal them. These, together with her big brown eyes have won her a large number of friends. One often sees her rushing to the library with an armful of ponderous note books. "Pat" sails right through senior history with flying colors. Although her schedule is rather heavy, she always finds time to serve for "High Life."

How she will say

PAULINE PLEASANTS
"Polly"

Age 18; weight 101; height 5 feet, 2 inches.

Activities: Literary Society (3); Athletic Association (3), (4); Commercial Club (4); Typewriting Contest (4).

"Tho' little and wise, she's a terror for her size."

"Polly" is a social success wherever she goes. She is a marvelous dancer and possesses a merry disposition and a quick tongue. The aforementioned quick tongue carries her through many a tight place. Pauline takes a business course, but we doubt her entering the business world.

At 100

DAVID ALEXANDRA PURCELL
"Percy"

Age 18; weight 150; height 5 feet, 11 inches.

Activities: Athletic Association (2), (3), (4); Treasurer of Science Club (3).

"A handful of common sense is worth a bushel of learning."

How often we've stood aghast at the Chemistry "Strawberry Blonde" knows. He's pretty wicked in history and geometry. Percy is a dependable fellow. Keep up the good work, we're betting on you.

WILLIAM THOMAS RIGHTSSELL
"Willie"

Age 16; weight 145; height 5 feet, 8 inches.

Activities: Football Squad (4); Tennis (3); Athletic Association (1), (2), (3), (4); Literary Society (1).

"I pity the man overwhelmed with his own leisure."

William is the good old plodding kind, and we all know that type makes it after all. "Willie" doesn't only work hard on his classes but he works on the athletic field. Everything is not serious with him though, for frequently he can "while away the time" even on class.

JOHN H. SIKES

Age 18; weight 168; height 5 feet, 11½ inches.

Activities: Class Basketball (3), (4); Manager Baseball (4); Athletic Reporter (3), (4); Class Orator; Short Story Club; Athletic Association.

"My heart leaps up when I behold a female in the street."

Amiable, likable, irresistible—that's John. His greatest fault is writing love-letters on class and if anything further needs to be related we refer you to the recipient of said love-letters. At all times John is very much in demand, and if he should ever be on the missing list you could find him "hanging out" either at "G. C." or "N. C. C. W."

ELIZABETH SIMPSON
"Lib"

Age 16; weight 128; height 5 feet, 4 inches.

Activities: Literary Society (2); Athletic Association (2), (3), (4); Tennis Club (4); Class Doubles Champions (3); School Champions (3); Varsity Tennis Team (4); High Life Staff (3); Reflector Staff (4); Latin Club (4); French Club (4); Poetry Club (4); Debating Club (4); Honor Society (4); Member Girls' Athletic Council (4); Head of Swimming (4).

"She never followed wicked ways—unless when she was sinning."

Nor only does "Lib" know how to lose, but better still she is able to win, again and again, without crowing. She is very consistent, in that everything she does, she does with her whole generous heart. When she takes the trouble to study she achieves brilliancy. Her executive ability was shown in the business-like way she managed the Junior-Senior banquet. As to loyalty, "Lib" is "chock-full" of it. Her enthusiastic voice is always heard at football games rooting for her team. A better friend could not be wished by anyone.

LOUISE SMITH
"Smith"

Age 18; weight 111; height 5 feet, 1 inch.

Activities: Glee Club (3); Athletic Association (1), (2), (3), (4); Volleyball Team (2); Literary Society (1), (2); Class Basketball (3); Tennis Club (2), (3), (4); Class Doubles Championship (3); School Doubles Championship (3); Hiking Club (3), (4); Monogram Club (4); Poetry Club (4); Wearer of "G" and "G. N. C."; Class Historian (4); Editor-in-Chief *High Life* (4).

"Do you not know I am a woman?
When I think I must speak."

A regular tease and a good old sport—that's "Smith." Trust her to give you a clear idea on every matter concerning high school folks. It is said that she is the most studious in the class, but if so it is without studying. "Smith's" only fault is her love of talking. This craving she seeks to satisfy on all possible occasions, much to the annoyance of her teachers.

ROLAND SMYTHE
"Roland"

Age 17; weight 139; height 5 feet, 9 inches.

Activities: Science Club (4); Athletic Association (2), (3), (4); Literary Society (1), (2).

"The glass of fashion and the mold of form."

Roland is immaculate when it comes to dress. Room 106 is startled out of its habitual calm two or three times a semester when Roland comes in, clad in the newest tweeds. He's a regular guy and he sure does wield a wicked spade when it comes to bridge.

WILLIAM V. SPRINKLE
"Sprillie"

Age 16; weight 110; height 5 feet, 2 inches.

Activities: *High Life* Staff; Proof Editor (4); *Reflector* of 1923 Staff; Business Manager (4); Dramatic Club; Secretary and Treasurer (4); News Writers Club (4); Athletic Association (2), (3), (4); High School Quartet (4); Spanish Club (2); Science Club (3), (4); Glee Club (4); Literary Society (2).

"Good nature and good sense could ever jo'n."

"Sprillie" is positively the very best business manager we know. The annual would not have been possible without him. We greatly fear that McCormick would "quit trying" could he but hear "Sprillie" sing. Valentino also, has a close rival in this noted personage.

LUCILE HOWARD
"Lucile"

Age 17; weight 100; height 5 feet, 4 inches.

Activities: Commercial Club (3), (4); Athletic Association (2), (3), (4); Literary Society (1), (2).

"Blue were her eyes as the fairy flax."

Though her eyes are blue as the fairy flax we sincerely hope that Lucile will never meet the sad fate of the Skipper's daughter. From present indications her life will be spent on "Terra Firma" and not on the ocean wave. Lucile is looking forward to a stenographic career.

ALEXANDER STANFORD
"Item," "Alex"

Age 17; weight 160; height 5 feet, 11½ inches.

Activities: Athletic Association (4); Latin Club (4); Glee Club (4); Debating Club (4).

"Bid me discourse; I will enchant thine ear."

Let Alex talk and he is happy. "Item" won his nickname by this failing. His every remark is greeted with shrieks of delight. He has probably done more to cheer up his classmates than any other one person. We thank him for it although we believe that he is entirely unconscious of his worth.

YVONNE STINNETT
"Pete"

Age 18; weight 143; height 5 feet, 8 inches.

Activities: Literary Society; Debating Club (3); Class Basketball Team (2), (4); Varsity Basketball Team (3), (4); French Club (4); Press Reporter Latin Club (4); Girls' Athletic Association (1), (2), (3), (4); Field Day (3).

"I have played the game; I am the Victor."

"Here Pete," that is what they say on the basketball court when the game is on. "Here Pete," that is what they say when a hard Latin sentence is to be translated. "Here Pete," that is what they say when they are looking for a steady friend. "I'm here," is "Pete's" reply.

ALVEN STONE
"Avie"

Age 18; weight 110; height 5 feet, 2 inches.

Activities: Literary Society (2); Class Basketball (1), (2); Athletic Association (1), (2), (3), (4); Debating Club (3); Glee Club (2), (3); Baseball (2), (3); Science Club (2), (3).

"I have a heart with room for every joy."

Some wanted the "joy" in the above quotation changed to "boy," but as the two words are one and the same to "Avie," we decided in favor of "joy." If you are still unconvinced, ask Alven and we guarantee that she'll either "kill or cure." This is not intended to imply, however, that she is a kill-joy.

Are you ready
to hear some
more?

FRANCIS IRENE STONE
"Irene"

Age 19; weight 112; height 5 feet, 9 inches.

Activities: Literary Society (2); Hiking Club (3); Athletic Association (1), (2), (3), (4); Hi-Collect Club (3).

"A smile is the trade-mark of a happy soul."

Irene is known to everyone by her happy smile. When the rest of us are blue, we look to Irene for inspiration. Even when Mr. Lefler catches us "unawares," and gives us an unexpected History test, Irene's serenity is never marred or ruffled in the least.

At the 'net

NELLIE EARLINE SWAIM
"Nellie"

Age 16; weight 112; height 5 feet, 8 inches.

Activities: Science Club (4); Athletic Association (1), (2), (3), (4); Literary Society (2).

"And still they gazed, and still the wonder grew,
That one small head could carry all she knew."

Nellie is one of the most brilliant members of the class of '23. When called on in class she is never at a loss for an answer, and she always makes a creditable showing. We hope that Nellie may have the same success in college that she has had in High School.

And we wonder
why she is a
get more

MARGARET SWEENEY
"Margaret"

Age 18; weight 108; height 5 feet, 4 inches.
Activities: Athletic Association (1), (2), (3), (4); Swedish Drill (2); Hiking Club (3); Dramatic Club (4); Glee Club (4); Stringers (4); Poetry Club (4); Literary Society (2).

"Beneath that calm exterior there lies a heap of devilry."

Margaret always prefers a good time to studying. And who can blame her? As for talking—just ask Miss Summerell. Don't take this innocent member for a flirt, if she winks at you, for she just likes to have a little fun. Margaret gets good marks when she studies, but she hates to study.

WILEY SWIFT
"Mocking Bird"

Weight 139; height 5 feet, 11 inches.
Activities: Literary Society (1), (2); Athletic Association (1), (2), (3), (4); Assistant Manager of Football (4); Assistant Manager of Basketball (4); Baseball (3), (4).

"For even tho' vanquished he could argue still."

Wiley considers it an honor to be Buster's brother. But we think the honor is Buster's too. Wiley achieved fame by coming through Junior math, absolutely undisturbed. His dry wit amuses all his classes. He never lets a question rest until he's sure he understands it. His quality makes his judgment a thing of real value.

LEONARD TEMKO
"Temp"

Age 17; weight 160; height 5 feet, 6 inches.
Activities: Athletic Association (1), (2), (3), (4); Basketball (3), (4); Tennis (4); Debating Club (3), (4); Dramatic Club (4); Science Club (3); Newspaper Writers Club (4); Manager Baseball (3); Business Manager High Life (3); Assistant Athletic Editor High Life (3); Assistant Business Manager Reflector (3); Secretary of Class (3); Marshal (3); Cheer Leader (4); Business Manager High Life (4); Latin Club (4); Monogram Club (4).

"He speaks an infinite deal of nothing."

When "Temp" rises to the occasion in class meeting, and fakes the floor with a resounding thud, the rest of us keep quiet. We have to. That stentorian voice like the rising tide, drowns all others in its roisterous flow. But Temp's all right, especially as a business manager of anything. In this capacity he has established a lasting reputation as a successful man of affairs.

DAVID E. THOMAS
"Wop"

Age 16; weight 137; height 5 feet, 6 inches.

Activities: Literary Society (1), (2); Track Squad (2), (4); Track Varsity (3); Football Squad (3); Basketball Squad (3); H-Y (3), (4); French Club (4); Athletic Association (1), (2), (3), (4); Junior Marshal; High Life Staff (4); Annual Staff (3); Class Football (2); Class Basketball (3).

"A man—a friend—a gentleman—and a jolly good fellow."

David is one of the best all-round boys in the class. He has made an enviable name for himself in athletics. He is a good student, a veritable marvel at math, and he does his part in every phase of school life.

How they envy his curly locks

FRANCES MAE THOMAS
"Frances"

Age 16; weight 99; height 5 feet, 2 inches.

Activities: Athletic Association (3), (4); Stringers (4); Glee Club (3), (4); Poetry Club (4); President French Club (4); Dramatic Club (4).

"Happy am I, from care I'm free,
Why can't they all be contented like me?"

Frances never worries. Smiles that make life worthwhile—worth that is worthwhile—that's Frances. Sometimes her spirit moveth her to weep, but as all her victims seem to be as happy as she, for this we can forgive her. Every one likes her—and even the teachers have succumbed to her attractiveness.

LUCETTA ALICE THOMPSON
"Alice"

Age 17; weight 118; height 5 feet, 5 inches.

Activities: Basketball (1); Literary Society (1); Athletic Association (1), (2), (3), (4); Debating Club (1), (2); Class Basketball (2), (3), (4); Poetry Club (4); Girls' Council (4).

"In her all generous virtues blend."

Alice is rather quiet and reserved in appearance but when you know her you have a friend that is faithful and earnest. A chairman is lucky when she gets ALICE on her committee. We believe she'll play up in life as she has in G. H. S.

The Durstar maid

ELIZABETH TILLY
"Tilly"

Age 18; weight 95; height 5 feet, 2 inches.

Activities: Athletic Association (2), (3), (4); Literary Society (2); Typewriting Contest (4); Commercial Club (3), (4).

"Quiet, cheerful and of good repute. Who could be more?"

Elizabeth never forces her opinions on anybody. But if asked, she knows what she wants, when she wants it and how she wants it. She came to G. H. S. at the beginning of our Sophomore year, and hasn't "made a soul mad yet."

ELIZABETH WAUGH TRANSOU
"Lib"

Age 16; weight 109; height 5 feet, 4 inches.

Activities: Athletic Association (1), (2), (3), (4); French Club (4); Hiking Club (3); Poetry Club (4); Dramatic Club (4); Monogram Club (3), (4); Girls' Athletic Council (3); Literary Society (2); Folk Dancing (3); Swedish Drill (3); Torch Light Society (3), (4); Varsity Basketball (1), (2); Class Basketball (2); High Life Staff (3); Wearer of G. and G. N. C.; Tennis Club (4); Latin Club (4); Junior Marshal (3).

"The jolliest sort of a girl, a friend to everyone."

"Lib" is the friend of all our budding wits. She will laugh at a joke whether it's funny or not—an excellent trait in woman. "Lib" has a finger in every pie baked in High School and she usually draws out a plum of some description.

PAULINE ANNE TRENT
"Polly"

Age 17; weight 115; height 5 feet, 5 inches.

Activities: Literary Society (1), (2); Athletic Association (1), (2), (3), (4); Science Club (1), (2), (4).

"Shy modesty is a candle to thy merit."

If the world depended on "Polly" and she realized that fact, the world would run, especially so far as the thinking side is concerned. She is not an athlete, is not as well known as some other folks, but she is a hard worker, a good student, and a real girl.

EVELYN TROGDON
"Evelyn"

Age 16; weight 107; height 5 feet, 5 inches.

Activities: Athletic Association (1), (2), (3), (4); Monogram Club (3), (4); Folk Dancing (3), (4); G. N. C. (4); French Club (4); Latin Club (4); Literary Society (1), (2); Hiking Club (3); Girls' Athletic Council (3), (4); Stringers (4); Swedish Drill (3).

"Wit and humor of the Age."

Evelyn is a wit, but unlike many wits, she is truly witty. Sometimes her jokes are traceable to certain well-known periodicals. The Senior Latin Class can testify that Evelyn's sight translations of Virgil were nothing short of miraculous. The members of that class and the members of every class remember her with the deepest regard and affection.

LOTA LEE TROY

"Lottie"

Age 17; weight 120; height 5 feet, 4 inches.

Activities: Latin Club (4); French Club (4); Dramatic Club (4); Hiking Club (3), (4); Secretary and Treasurer of "O. Henry Club"; Supply Room Committee (4).

"With mirth and laughter let old wrinkles come!"

You just have to laugh when you're with Lottie her own is so contagious. Latin that positively stumps all of us is just a cinch for her. If Lottie had a penny for all the Latin she's taught us she'd be a millionairess! Here's hoping she gets rich in the future by teaching Latin or something else.

To laugh is to
live

FRED G. TURNER, JR.
"Freddie"

Age 17; weight 145; height 5 feet, 7 inches.

Activities: French Club (3), (4); Science Club (2), (3), (4); Hi-Y Club (2), (3), (4); President Hi-Y Club (4); Literary Society (1); Athletic Association (1), (2), (3), (4); Basketball Squad (4); Captain Class Basketball (2); Football Squad (2); Football Varsity (4); Baseball Squad (3); Junior Marshal (3); Class Football (3).

"A little foolishness now and then, is relished by the best of men."

"Freddie" is out for everything and what is more important he usually makes everything—as President of Hi-Y, member of Football team, Basketball and Baseball squads, Hicone Council man, and an all-round man he is the real thing. You may not know him for a long time when things are going easy, but if there is need, he will show himself and work in doing that showing.

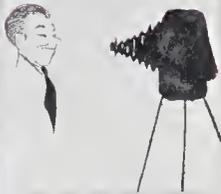

HOWARD WEST
"Howard"

Age 18; weight 145; height 5 feet, 8½ inches.
Activities: Boys' Literary Society (1); Athletic Association (1), (2), (3), (4); Class Football (3); Science Club (4).

"Keeping everlasting at it brings success."

Howard is not the kind who is always parading his virtues, but that is evidence enough that he has them. And listen folks when they are there though hidden some day they are coming out. When they come, they will be well seasoned and of invaluable service to some one, or to some business.

MODINE WILKINS
"Modine"

Age 18; weight 126; height 5 feet, 6 inches.
Activities: Literary Society (2); Hi Collect Club (2); Athletic Association (3), (4); Science Club (4).

"I'll be merry, I'll be free
I'll be sad for nobody."

Modine never worries, and she gets along as well as some of the rest of us who do worry. She has many friends, and they are not all confined to the fair sex. Modine comes to school only when the spirit moves her.

NANCY AMY WOODS
"Nancy"

Age 18; weight 120; height 5 feet.
Activities: Literary Society (1), (2); French Club (4); Latin Club (4); Class Baseball (3).

"I'm as constant as the Northern Star."

If all of us had just half as much spunk and grit as Nancy G. H. S. would be a better place to live. We all expect to hear much more from Nancy for she has the ability to play an important part in the world of affairs.

OSCAR WRENN
"Ikey"

Age 19; weight 158; height 5 feet, 6 inches.

Activities: Athletic Association (1), (2); Varsity Baseball (3); First Squad Basketball (4); Varsity Football (4); Monogram Club.

"Could I love less, I'd be happier now."

"Ikey" is one of the few ladies' men at school this year. In spite of this handicap he is liked by all. On the gridiron and diamond he ranks among the best. Luck to you "Ikey!"

CARNIE LEE WYRICK
"Carnie"

Age 18; height 5 feet, 10 inches; weight —.

Activities: Treasurer Senior Class (4); Literary Society (1), (2), (3); Science Club (2); Athletic Association (1), (2), (3), (4); Basketball Squad (1), (2), (3); Track (1), (2), (3), (4); Class Basketball (1), (2), (3), (4).

"Good nature and good sense could ever join."

We might add "sportsmanship" to good nature and good sense. He habitually comes through the uncertain sea of exams without even a hint of sea-sickness. He plays basketball; fills the office of class treasurer; and is very popular. Altogether, he is one of the best-all-round boys we know.

SENIOR CLASS HISTORY

It was on September 4, 1919, that G. H. S. first saw the faces of nearly two hundred verdant Freshmen. In the usual manner we were all herded into the chapel. There in his forceful way Professor Price explained to his flock the workings of the mystic courses.

After this, we were assigned to the care of various teachers, some of whom were: Misses Mary Mitchell, Fannie Mitchell, Flossie Stout, Mrs. Sellars and Mr. Woods.

We hardly recovered from the influenza epidemic and the mid-term examinations before we were forced to pick up our belongings and move to what we termed the "Barn." This was a structure which had been erected at the back of the main building—to hold the Freshmen.

Many of the important things which we did and said that year have been forgotten, but few of us will forget the "Art productions" in the form of history maps contributed to Mr. W. M. York's collection. We also remember with pride that it was in this year that the Freshmen organized the present Athletic Association, and that we became members of the different literary societies.

At the close of our Freshmen year we left the "Barn" to return to the main building. The change had a good effect on most of us, for we immediately organized our class for the first time. The result of this organization was a better class and more school spirit.

For a good while chapel exercises had served as social and conversational hour, but with the realization of our Sophomore dignity, came the desire to remedy this fault, consequently we waged and won a war against such poor chapel conduct.

This effort made us feel very self-satisfied and placid for not only had we done this thing but we had also taken a stand for a Student Government plan which had originated in the Senior Class.

However, our righteousness had about given out, and to let off steam we went up to the new Y. W. C. A. hut and had a grand and glorious party.

Examinations again came and went, leaving us a better and wiser class. To celebrate this event we relieved our feelings by going on an old-fashioned picnic out at Hamberger mill pond.

At the beginning of our Junior year we found our numbers so sadly depleted that it required only two session rooms to accommodate us. These were presided over by two of our favorite teachers, Miss Jane Summerell and Mr. Charles Phillips.

Early in the fall we chose our officers and adopted as our motto, "Carry On"; as our flower, the daisy; and as our colors, gold and white. With such a motto as "Carry On" before us we could hardly fail to bring credit to our class and to our school.

Not only did the Junior Football and Tennis Teams win the class championship, but the Junior girls, also captured the basketball and tennis honors.

These were only a few of the honors that came to the class of 1923 for in every way we were taking a larger part in school activities than ever before. Shortly after Christmas all sorts of ways and means were discussed concerning the Junior-Senior Banquet which was held at N. C. C. W. and proved a great success.

Having journeyed through the first three years of High School, about 100 returned for our fourth year, thus acquiring that distinguished name and position of Seniors. Though our dignity sat ill upon us at first, we soon came to look unconcerned when a freshman stared at us with eyes wide with admiration.

Though many triumphs came during this year, they were mixed with graven responsibilities. Every one seemed to realize that this was the last year, and that he had to do his very best, so an air of seriousness, unknown before, pervaded the atmosphere. It was our privilege to assume the management of the school publications—*High Life* and the REFLECTOR—and we feel sure that the work done on them was *good*.

Another accomplishment of the Senior year was the founding of the Senior supply room. Besides the establishment of the Supply Room the Seniors have perfected a Student Coöperative form of government which is improving with usage.

And now though we wish to go forth into a broader and fuller life, even this desired change has its sadness for all that we leave behind is a part of ourselves. And though we go far away to the high-ways and by-ways of life, the memories and hopes, the joys and griefs, the ambitions and achievements of '23 will always linger near the corner in our hearts, which we hold sacred to Greensboro High School.

PROPHECY

Here follows a Radio Concert in Greensboro, N. C., on the Roof Garden of the Jefferson Standard Life Insurance Building, on the night of June 5, 1940. Station B. U. M. Foochow, China.

Miss Addie Brown is doing a great work here, in teaching the story of the Bible to the thousands of little heathen children.

Broadcasting Radio Station T. N. T., New York City.

Among our most distinguished citizens of today are Mr. Bruce Green, whose talent for costuming and designing ladies' clothing has made him famous.

Dr. Alexander Stanford who has recently founded a hospital for the purpose of strengthening and regaining lost voices, is now experimenting on Mr. Leonard Temko.

A marvelous picture was exhibited today in the Metropolitan museum, painted by Harrison Fisher, a pupil of Miss Margaret Sweeney. Miss Hope Johnson posed for the picture, which will always be known as one of the world's greatest pieces of Art.

The World's great Evangelist, Norman Cooper, is holding successful services over the country. Many unbelievers have been brought to believe by the work of Mr. Cooper. Results have proved altogether prosperous.

Mr. Robert Merritt has invented a delightful freckle cream for removing freckles, permanently. Results have proved to be instantaneous.

Dr. Margaret Patterson, M. D. D., Ph. D., President of the National Health Department, left today for a tour of the Southern States. She will deliver a series of lectures on "How to attain the perfect Figure."

Miss Josephine Davant won first place as sponsor in the National Baseball Contest held in San Francisco, last week.

Messrs. Thomas Neal, Frank Hobbs, David Purcell and Howard West are now posing for Arrow Collar Advertisements. All four of these gentlemen will enter the contest for America's most handsome men.

The following were arrested by chief of police Ruth James today in Dinty Moore's place.

Katherine Hobgood, Catherine Cox, Elizabeth Tilley, Roland Smythe, Alven Stone and Evelyn Trogdon.

Mr. Charles Anderson has published an interesting book on "The Secret of Charm," giving many needed aids on the subject.

Mr. Wilbur Hodgkin was the principal star in the football game between Yale and Harvard, played yesterday.

Station B. V. D., Washington, D. C.

Miss Louise Smith resigned from the Presidency of the U. S. last night. She became agitated over a cartoon of herself which recently appeared in the

Literary Digest. The Vice-President, David Thomas, succeeds her.

The following North Carolinians are members of Congress:

Speakers Arvid Carlson, Elizabeth Mann, Clifton Berrier, Mary Hunter, Pauline Trent and William Rightsell.

Misses Nancy Woods, Madeline Little, Sara Allred and Lucile Hart are distinguishing themselves as notorious suffragettes.

Harvey Ljung, Stunt King of the Movies, will give a performance tonight at the Jerry Theatre.

Miss Margaret Barnes has opened a Beauty Parlor here, and is making a specialty of Hair Dressing.

M. C. Comer and his Broadway Roses are at the Rhinoceros all this week. His company includes Misses Mary Cothran, Alice Thompson, Helen Clapp, Dora Goldstein, Clarise Hines and Pauline Pleasants.

Added Attractions—World's great Tight Rope Walker, Carmel Ferguson. Mlle. Ferguson has distinguished herself in all countries of Europe.

Miss Katherine Gregory, President of the National Parent-Teachers' Association, returned today from Greensboro, N. C., where she has been spending a few days.

Misses Bertha Ferree, Lota Lee Troy and Thelma Floyd have issued the Final Publication of their Latest Gossip Magazine.

Mr. Herbert Coe has taken up Burbank's work and is now working on an invention of square peas, in order to keep them from rolling off the knife.

A wedding of unusual beauty was solemnized last night by Rev. John Sykes when Miss Elizabeth Simpson became the bride of Mr. Richard Crabtree. The Dame of Honor was Mrs. Marjory Blair Irwin, Maid of Honor Miss Rebecca Ogburn and the best man was Mr. Robert Irvin. Miss Nancy Little delightfully sang, "You Made Me Love You, I Didn't Want to Do It." She was accompanied by Miss Eleanor Barton, famous violinist. The bride and groom left for an extended trip around the world in a Ford skeeter, the gift of Mr. Clarence Hobbs.

Misses Sara Mims, Julia McNairy and Helen Mendenhall have graciously given over their talent to the establishing of an Old Maids' Home. These ladies are doing a great work for others, who like themselves are not so fortunate as to own a little home of their own. Miss Gwendolyn Patton, who for so many years has been a member of this institution, has recently been elected president.

Station K. I. S., Hollywood, California.

Carnie Wyrick is revising the "Sheik" and has notified Mr. William Sprinkle to take the part of Rudolph Valentino as the "Sheik." Miss Evangeline Daniels is to be his leading lady. An all star cast will be used including Annie Lee Keith, Nellie Swaim, Irene Stone, Fred Turner, Lillian Jones, Melva Nicholson and

Modine Wilkins. Mr. Wyrick declares that with such a cast of characters as these there is no doubt of the greatest success of the play.

The famous Toe Dancers will appear tonight at the Hollywood Theatre. They are Miss Wilsie Jobe and Walter Cox.

Reports were received here today that Miss Frances Thomas has at last settled down on the farm and that from now on all her days will be "Sonny."

Dr. Clinton Jackson has discovered a wonderful ingenious improvement in the manner of doing the "Daily Dozen" which he guarantees to be wholly successful. Dr. Jackson claims that one week of his famous "Daily Dozen" will be sufficient to reduce or increase forty pounds of flesh according to the desire and need of the patient.

The following goes to prove the results of Dr. Jackson's discovery:

Dear Doctor:

"I danced to your Daily Dozen for six weeks and at the end of that time, I am glad to say, that I lost 78 pounds of superfluous flesh, and have thus regained my ideal figure.

Very truly yours,

RUTH HOBBS."

Miss Virginia Carson has organized a gym class for all interested in reducing to a slender form.

Oscar Wrenn and Miss Maurine McMasters have at last blended their hearts in one and are on their way to Europe on their honeymoon.

Miss Marjorie Cartland, having been disappointed in love, has established a home for friendless cats.

Mr. Julian Johnston has recently been made President of Wanamaker's Department Store. It is said that he achieved his experience in the Senior Supply Room of Greensboro High School back in 1923.

Mr. Herbert Cole is serving a term in prison for hoboing. His term will expire in 6 years.

Mr. Wiley Swift passed through on his way to Greensboro, N. C., to take the position of Principal of the New High School which was completed today. Miss Elizabeth Transou succeeds Miss Lillian Killingsworth as Dean of the Girls.

CLASS POEM

Obeying the call the stern pioneer
Turned his face to the West,
Hewing his way through forest grim
As on to his goal he pressed.
But lo! in sight of his new-found world
He finds his part is done,
So calling his following comrades he cries,
"Carry on, staunch hearts, carry on!"

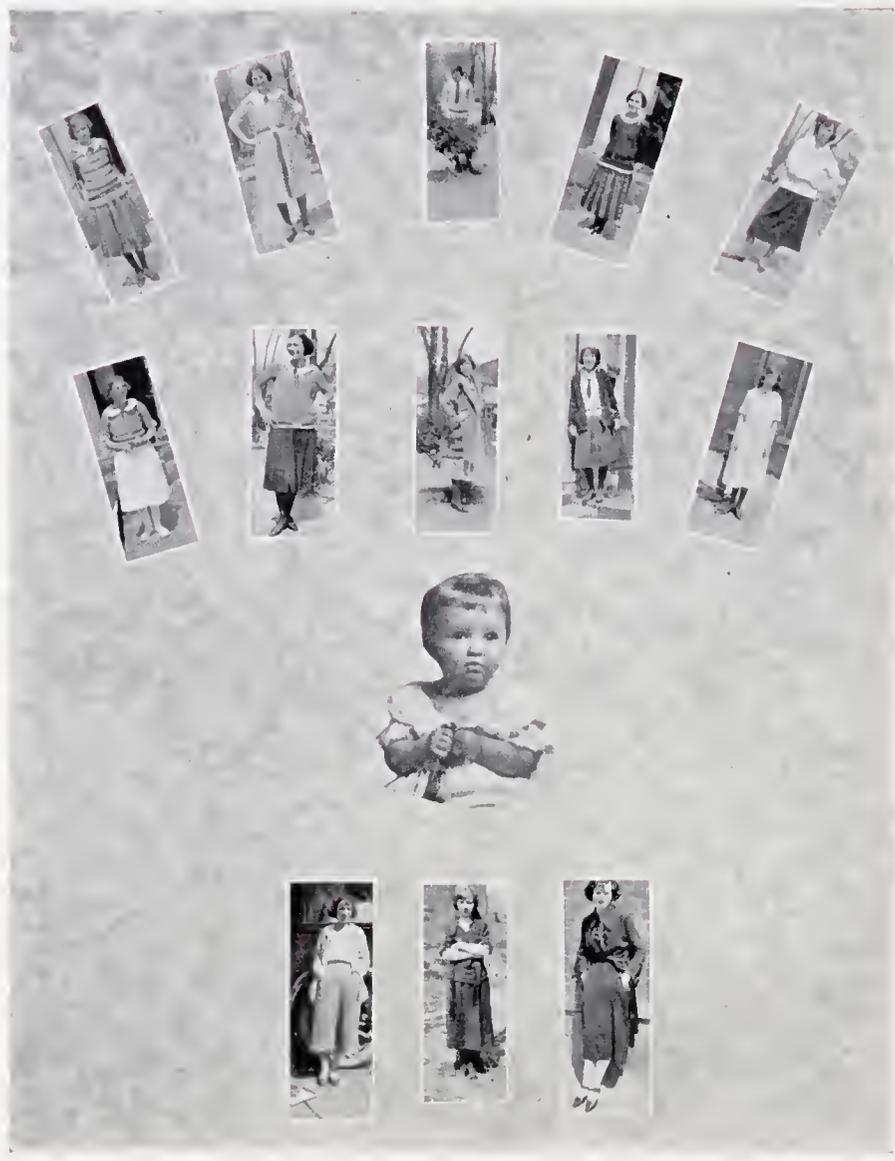

Out on the fields of Flanders
Their lives did they willingly give,
Facing the foe and danger
That all the world might live.
Midst the roaring crash of guns,
Midst the deafening din of strife,
They bore aloft fair freedom's torch
And counted naught this life.
And as they died to us they cried,
"Carry on, brave hearts, carry on!"

Long have they toiled, the patriots,
Builders of this, our city fair,
Long have they borne the burdens
Of heavy and ceaseless care.
Yet building, toiling, striving
To win the things they're won,
They worked 'til the end, and then—then—called,
"Carry on, young hearts, carry on!"

Our fathers proud and mothers dear
Have sought for us the best
Of all life holds or can give
To those who stand the test.
They've labored never ceasing,
From dawn to set of sun,
Urging, praying, trusting, hoping,
That faithful hearts may carry on! carry on!

O! pioneer, twenty three
Heeds your urgent call,
And dares to follow onward
Through forest grim and tall.
O! soldiers brave, we catch the torch
With eager, ready hand,
Never, never shall it torch
The soil of conquered land!
Patriots bold, we own the task
Which you have left to us.
Oh noble sires, we pledge anew
Our faithful homage to your trust!

Behold the brightly gleaming torch!
It shows a victory to be won
And twenty three will conqueror be.
We'll "Carry on," aye, "Carry on."

LAST WILL AND TESTAMENT

To Whom It May Concern:

We, the generous-hearted and unsophisticated Seniors of the Spring Street College, being of exhausted means, minds and weary bodies, do hereby make and deliver this, our last will and testament, and do declare that all wills made heretofore are null and void.

SECTION I

To the Faculty:

Item 1. To Mr. G. B. Phillips, we do give and bequeath the following: first, the three underclasses, namely: Freshmen, Sophomores, and Juniors—well-trained in the art of bluffing instructors; second, three buildings, namely: the two barns and the Brick Palace of Knowledge—all slightly used but, in the opinion of the taxpayers of the city, still in super-excellent condition; third, last but not least, our deepest appreciation for the splendid work he has done for us during the two and a half years he has been our principal.

Item 2. To the athletic coaches—namely: Mr. J. M. McFadden (football), Mr. H. W. Park and Miss Hornsberger (basketball), Mr. Charlie Phillips (baseball and general manager of athletics), Miss Adams and Mr. Hugh T. Lefler (tennis), our enviable athletic records and achievements, our principle of clean sport and our realization that they have been one of the most important factors in heightening our high ideals of sportsmanship.

Item 3. To Miss Killingsworth, our dean, we leave our sincere hopes for as marked a progress in high school girls' ideals as have been made during her four years' stay at G. H. S.

Item 4. With Miss Summerell, we leave our utmost appreciation for her ability to keep her head, not only in Latin class where a head is most needed, but at all places and at all times.

Item 5. To Miss Dorsett we bequeath our firm conviction that she is one of the best debate coaches in the whole world and an English teacher who can *Teach English*.

Item 6. With the remainder of the faculty we leave our heart-felt sympathy for coming years and our sincere hopes that they will not starve to death on their enormous incomes.

SECTION II

To the Classes:

Item 1. To the Junior class we bequeath the following: firstly, our most prized characteristic—our dignity; secondly, the custody of the Supply Room; thirdly, the responsibilities and labors of the bi-monthly publications of *High Life*; fourthly, our lack of Senior privileges; fifthly, the right to strut around and have the green little Freshies gaze in admiration at them and sigh: "Oh, to be a Seenyur."

Item 2. To the Sophomores we leave the duties of being the life of the school in the garb of Jolly Juniors together with the privilege of pulling off the long anticipated Junior-Senior reception.

Item 3. To our Kid Brothers and Sisters (the Freshmen), we leave our timely admonition: "Hush, little Freshies, don't you cry, for you may be a Seenyur in the sweet bye and bye."

Item 4. To the Class of 1950, we leave the yet-theoretical hope of their graduating in the new high school described in the fairy tales we heard a year or two ago.

INDIVIDUAL WILL

Item 1. Helen Clapp and Fred Turner leave their mutual admiration to Isabel Cone and "Doug" Scales. Should this legacy prove unnecessary, the successors are granted the privilege of passing it on to some deserving Sophomores.

Item 2. Upon Edna Cartland, Rebecca Ogburn bestows her autumnal custom of fetching the captain of the football team from the practice field.

Item 3. Wiley Swift, undesirous of leaving his cherished brother, "Bus," unprotected in the field of Senior conflict, doth lovingly bequeath to said brother such of his tardy-slips as are marked "excused."

Item 4. To Margaret Bangle, Marjorie Blair bequeaths her maidenly graces, absolutely guaranteed to charm the male element of the faculty.

Item 5. In order to partially defray the expenses of his Senior year, Charlie Lipscombe is endowed with the remaining part of Roland Smythe's hair preparations for imitating the great Rudolf.

Item 6. Lotie Lee Troy and Yvonne Stinnett leave to Regenia Beck their undeniable contagious giggles, especially recommended for disturbing American History Classes.

Item 7. To the biggest vamp in the Junior class, whosoever she may be, Mary Cothran bequeaths her "baby-doll" face.

Item 8. To any new members of next year's senior class, Mary Lucille Hart and Ruth James bequeath their charming personalities which so quickly won for them the love and admiration of the Class of '23.

Item 9. Alex Stanford is kind hearted enough to lend part of his chief characteristic to some one and so he gives to Moulton Avery a portion of his well-known perseverance.

Item 10. We hate to take away the biggest he-vamp in school so we leave Hkey Wrenn's adorable eyes and "irresistible smile" to his best friend, Fred Burroughs.

Item 11. Elizabeth Simpson, the bright light of the Senior Latin class, leaves to Jack Murray her fluent Virgil translations, an endowment which will be highly appreciated during the forth coming year.

Item 12. To John Ford, David Purcell surrenders his pious dignity and saintly manner which have won for him the title, "The Boy With Wings."

THE 1923 REFLECTOR

Item 13. To Charlie Watson, Walter Cox leaves a number of asbestos envelopes. By way of explanation, such envelopes are necessary because he shoots such a hot line to his female correspondents.

Item 14. David Thomas leaves to Norman Block his free-jitney line, round trip from school to home and back, every day at lunch period.

Item 15. Josephine Davant's motto is "Give to the needy" and accordingly she bestows her 97 pounds in weight to Bessie Watson, who needs just about that much of flesh to make her the world's fattest lady.

Item 16. Julian Johnson bequeaths to Newell Sapp his angelic countenance, covering a really mischievous disposition.

Item 17. Bertha Ferree leaves her pride and joy: an enormous store of choice gossip, to Mary Rosalind Bowden.

Item 18. Clinton Jackson leaves to Knot Williams all his class-room conversation, consisting of violent love pleadings to fair damsels.

Item 19. Sara Mims hated to part with her spit curl since it is her most cherished possession but she finally agreed to leave it to Margaret Meyers.

Item 20. Margaret Barnes leaves her advance fashions for hair dressing to Mabel Pendergrass.

Item 21. Helen Mendenhall leaves all her "crushes" to Cuba Seburn.

Item 22. Rebekah Monroe would leave her brown eyes to someone but she has used them so much they wouldn't be of much use to any one else.

Item 23. Gwendolyn Patton leaves her numerous smashes on the men teachers to Radie Archer.

Item 24. To a number of his Junior girl worshipers, M. C. Comer leaves his deepest regrets that his shrine will be no more at G. H. S.

Item 25. Arvid Carlson leaves his Ford to the whole Junior Class, for the purpose of transporting the members of said class to and from school.

The foregoing signed, sealed, published, and declared by said Seniors to be our last will and testament in the presence of ourselves, we scribble our signatures.

THE SENIOR CLASS.

By THELMA FLOYD.

JUNIOR CLASS HISTORY

OFFICERS

ROBERT WILKINS	<i>President</i>
EDNA CARTLAND	<i>Vice-President</i>
NEVIN WOODS	<i>Secretary</i>
LUCILE BOONE	<i>Treasurer</i>

In the year 1927, when walking down the main street of flourishing and prosperous Greensboro, two boys met for the first time in three years. These boys were Norman Block and Bobby Wilkins, president of the class of '24 during Sophomore and Junior years respectively.

After discussing some unimportant matters they exchanged experiences. Bobby was a Junior at one large college, while Norman held that high and mighty position at another. Being Juniors, they began to speak of that time four years before when they had been Juniors at old G. H. S. and felt their importance quite as much as at the present time.

"Yep, those were the good old days," Norman assured Bobby, as tho' he did not know it. "Will you ever forget the Junior-Senior reception we gave? I'll bet there never has been another one as good since that time. Remember those stunts we pulled off? I'll tell the world they were the stuff. I think everyone present had one big time that night."

"Yes, I remember all about that, but I'll bet you've forgotten the first day over at High School. We Freshmen nearly filled the chapel. I never will forget how disgusted we were to be put in the barn, but we had a good time all the same. That was the year we won the Freshman-Sophomore debate and built the wall over to Barn B. *High Life* was started that year, too. The parties and picnics we had then beat most any I've been to since. And athletics, we went out for those, too, Bobby reminisced.

"Well, I liked Sophomore year better. Since we were in the main building, we could feel our importance more. Lots of us went out for football and those who succeeded in getting letters were the proudest fellows I've ever seen. They had a right to be. Even though we lost the Fresh-Soph debate that year we made up for it by our part in "Better Speech Week." The whole school adopted our idea of tags after that. Some Sophomores made the basketball team besides." Norman grew heated while defending the year of his regime.

"Oh, I know all that, but the proudest minute of my life was when I was given the privilege of going in the front door and walking up the front steps. School was hardly large enough to hold me then. We did our share of running the place Junior year. We had our hands in everything, athletics, *High Life*, Dramatic and Debating Clubs and everything worth while. Do you remember the discussion we had about Student Participation and how we finally voted for it? I had my best time then before I had to behave like a dignified senior," retorted Bobby.

"We won't fuss about it, anyway. I have to be going now; there's my girl across the street. Look me up sometime. So long." And with that the two old friends parted, each with thoughts full of the days that used to be.

Once upon a time in ye land flowing with ye milk, likewise ye honey, there were in ye most learned schools of ye land, CCCLXXX youths and maidens, whose superior intelligence mystified even ye sages of ye most profound learning. At the meagre age of six or seven ye youths and maidens were most learned, and most rare speakers—to nature none more bound—their training such that they might furnish and instruct ye teachers of amazing greatness and need never seek for aid outside themselves. As they grew to be ye Glorias and ye Rudolphs in ye miniature state, their intelligence waxed mighty in ye eye of ye world and e'en ye wonder grew how each little head could carry all it knew.

And inasmuch as ye great minds run in ye same channel, ye most learned scholars assembled in ye "Barn" in ye year MCMXXI and did verily become ye Freshman class of ye Greensboro High School.

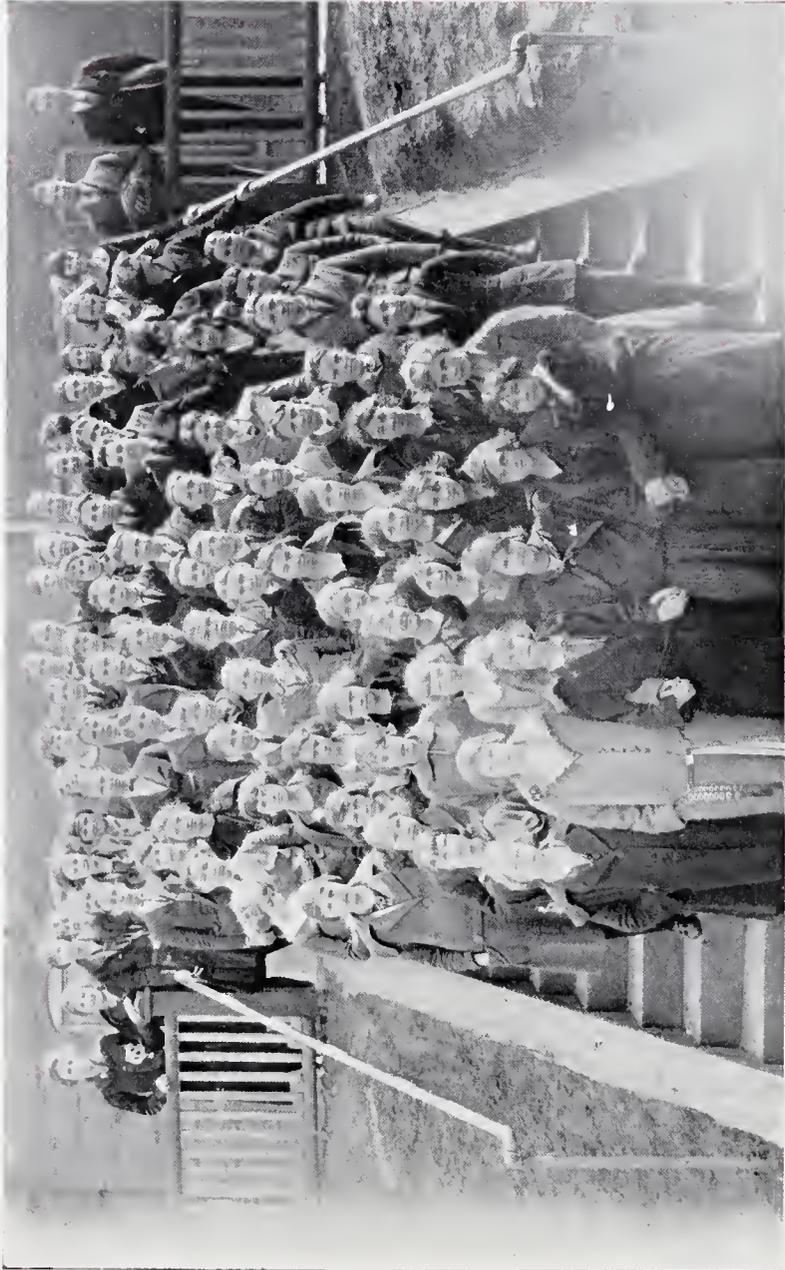

Ye structure of greatness layeth ye foundations of exceeding depth, so ye reports of ye first year were not of amazing muchness as to size.

Ye advent of ye second year found each of ye youths and damsels desirous of taking up ye labours in ye main building, and of adding even more to ye great store of knowledge which "day by day, in every way, groweth better and better."

Ye finishment of ye first half year found each of ye scholars excell'ing in some phase of ye life. Inasmuch as ye coming events cast ye shadows before them ye CCCLXXX youths and damsels are steadily climbing upward to ye top of ye mountain, each equipped for ye part of ye world's work, and will eventually live happily, henceforth.—ELIZABETH STONE.

FRESHMAN CLASS HISTORY

OFFICERS

CLARENCE SCOTT	<i>President</i>
CHARLOTTE VAN NOPPEN	<i>Vice-President</i>
FRED EICKHORN	<i>Secretary</i>
MARCHA BROADHURST	<i>Treasurer</i>

There are some scenes too pathetic to describe, some pictures too pathetic to show, for the human heart cannot stand the repetition of a story or the sight of picture which has once brought tears to the eyes. It is with great trepidation that after several months, one musters up courage enough to give an account of an incident which transpired last September in Greensboro.

Early in the morning of September the fifth there was seen going through the streets of Greensboro hundreds of happy faces—the sight of which touched the hardest heart that ever beat. Of course every one knew who they were and where they were going.

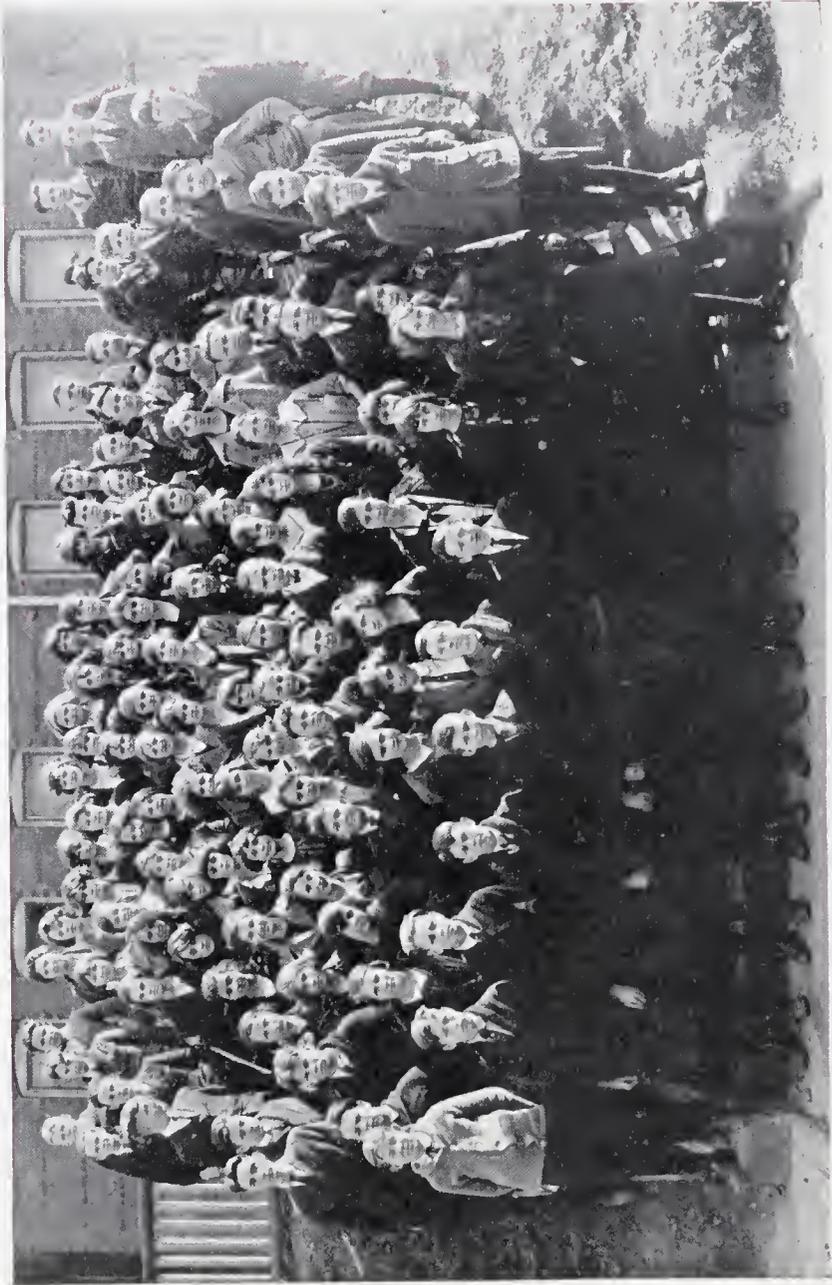

It was the invincible army of school children marching to their training camp.

Among the ranks were found Seniors, Juniors, Sophomores and Freshmen. It is the picture of the last group, I wish to give you—poor unfortunates!

There were about three hundred of that army who enrolled as Freshmen in the fall of 1922. It was the largest class that had ever been at the High School in many respects. Many of the upper classmen have said that they were the "greenest."

After arriving at our destination, the High School, we were greeted by smiles that seemed to say "Poor Freshmen." This increased our already very great fear and apprehension so it was with trembling knees and tearful eyes that we entered the "Barns." However our fears proved groundless, for we were met and welcomed by teachers who soon made us feel at home.

But all unaware of our low estate in the "Barns" we set about learning each other and the ways of our High School. After we had spent about six weeks trying to accomplish this, we turned our attention to the task of organizing our class. For this purpose we ran a real election, having polls, registering for voting and a direct primary. Through this plan we elected our officers. Clarence

FRESHMAN CLASS (SEMESTER II)

Scott was chosen president. Soon we were calling meetings as regularly as the upper classmen.

Thus we fell in line, caught the true G. H. S. spirit. We made a name for ourselves in athletics. In basketball, tennis, football, the freshmen had excellent teams. The girls of the Freshman class came out with flying colors in September Field Day. In the Debating Club, the Freshmen were found—in fact, there was no activity of the High School that Freshmen were not found—and a good record they made too!

After the Christmas holidays our interest was stronger than ever—and the last lap was run with zeal, speed and accuracy. This is only a poor picture of the Class of 1926. As was said at the beginning some pictures are too pathetic to recall. I am sure this will bring to each reader the happy or other wise days of his Freshman year.

After all, our year's work has made us unite more of the lines we liked so much. "When the one great scorer comes to write against your name, He writes not whether you won or lost but how you played the game." The game for 1922-1923 has been played and we claim a victory.

The REFLECTOR was first published by the class of 1910. Its name tells its aim—to “reflect” faithfully and truly the life and ideals of Greensboro High School.

The members of the staff are numbered among the class officers and are elected by popular vote. The office of editor-in-chief is one of as much responsibility as any office in High School and the other staff positions are correspondingly important.

The REFLECTOR Staff of 1923 has done its best to discharge the duties which rest upon it and to make the 1923 Annual the finest ever published by the Greensboro High School.

HIGH LIFE

High Life is a school newspaper which is published every two weeks by a staff elected from the Senior and Junior classes. It is the aim of the paper to encourage every good movement at G. H. S. and to represent every phase of school activity in its columns. It also strives to act as a medium, between parent and school, which will lead to a closer sympathy, a broader understanding and a deeper coöperation of the two.

Not only has the staff of '23 done away with the subscription price of former years, thus making it possible for every student to read the paper, but it has also fostered an administrative sheet as a supplement to the regular paper. This administrative sheet is in itself unique, for it is the only one of its kind in the United States, so far as has been learned.

With an even larger ideal of service in mind and a more sincere spirit of coöperation and fellowship in heart, there is nothing that can keep *High Life* from being the very best high school newspaper in the state and in the nation.

✦ ✦

ROLL

CLINTON JACKSON	HERBERT COE
CARMELL FERGUSON	MARJORIE CARTLAND
KATHERINE GREGORY	BERTHA FERREE
NANCY LITTLE	ELIZABETH SIMPSON
ELIZABETH TRANSOU	MARJORIE BLAIR

The Torch Light Society is an organization composed of the leaders of Greensboro High School, academically, athletically and socially. From our wee president, Clinton Jackson, who is known as the most energetic man in school, down to the illustrious Herbert Coe, we have strived to uphold the honor of our organization. Due to the fact that there are so many and so varied clubs and organizations here in the High School we have felt that we could best serve by having our members one hundred per cent. Honor Roll students. To this end we have confined our activities during the entire year.

THE NEWS-WRITERS CLUB

The News-Writers Club is an experiment this year, but it is believed that it will prove so helpful that it will become one of the permanent organizations of the school. It has used as a basis for its study a manual on newspaper writing and a collection of typical newspaper articles. It has had as its main purposes to equip students to write for or edit *High Life*, and to stimulate those choosing journalism as a profession.

Meetings have been held every two weeks, each member in his turn entertaining the group in his home. Good-fellowship has been combined with serious study, and the members of the club have valued their membership highly. The officers were: Julian Johnston, President; Yvonne Stinnett, Vice-President; and Thoman Neal, Secretary-Treasurer.

DEBATING CLUB

CHARLES LIPSCOMBE	<i>President</i>
LUCILE BOONE	<i>Secretary</i>
WILLIAM NEAL	<i>Treasurer</i>

✦ ✦ ✦

The Debating Club was founded in the fall of 1921 as substitute for the Literary Societies which previously existed. Since its establishment this club has grown and flourished and has become one of the most beneficial organizations in the High School—interest is never lacking.

It is the express purpose of the Debating Club to extend and promote debating within the school; put out a first class Triangular Debating Team, and to send representatives to the declamation contests at Wake Forest, Trinity and Guilford College.

The Triangular Debating Team was chosen February 19 by the Committee of Faculty Advisers. The team was composed of Charles Lipscombe, William Neal, Lucile Boone and Moulton Avery, with Elizabeth Simpson and William Sprinkle as alternates.

The club of 1922-23 leaves to future members of the Debating Club its sincere hope for even better progress than heretofore attained.

THE SHORT STORY CLUBS

The Short-Story Clubs were organized for the purpose of studying the principles of short-story writing in order to cultivate a taste for good stories and to discover and develop the latent talent of its members. The bi-weekly meetings, held each time at the home of a different member, have combined study with pleasure. The O. Henry Club, composed almost entirely of first semester Juniors, used Heydrick's "Types of the Short Story" as the basis of its study. Its officers were President, Leah Bowman; Secretary-Treasurer, Lucile Sharpe; Reporter, Troxel Reynolds. Miss Mary Richards Colvin was the faculty adviser. The other club, The Senior Short Story Club, used as its study guides Neal's "Short Stories in the Making" and "Today's Short Stories Analyzed." The officers were President, Carmell Ferguson; Secretary-Treasurer, Kathryn Mann; Reporter, John Sikes. Its faculty adviser was W. A. Barton, Jr.

Le Cercle Francais, composed of forty-three charter members, was organized early in the school year to afford many excellent opportunities for speaking and hearing natural, practical and interesting French. Not a word of English is spoken from the time Mlle. Thomas calls the meeting to order in French until it is adjourned. Every member becomes a real Frenchman at each meeting by answering to the roll call with a French proverb. Thus many worth while French proverbs have been memorized this year.

Discussing various matters of business and making certain necessary announcements in French have been instructive, but the programs have been very entertaining as well as very beneficial. Many French songs, poems, stories, plays, and games have been presented with splendid results.

Perhaps one of the most efficient productions of the year was the comedy, "Le Magasin de Poupee" composed by Mlle. Frances Thomas and Mlle. Evelyn Trogdon, members of Mlle. Coleman's French VI class. This attractive little play was presented at a Christmas program given by the Senior French classes. It displayed not only very accurate French pronunciation, but also the artistic talent possessed by these girls and boys, whom Mlle. Coleman had so judiciously trained.

Another worthy feature of these meetings is the social hour held after the programs. Various French cookies, beverages, candies, etc., have been served in real French fashion, thus teaching French customs in a way that will not be forgot.

Mlle. Pichot from North Carolina College for Women, who is an Exchange Student there from France has been of inexpressible value to the French Club. Her French is so musical and beautiful that every member has an earnest desire to speak just like she speaks. To her we owe our grateful appreciation for bringing so much of real Frances to us in such a simple and patient manner that every member has understood and enjoyed it.

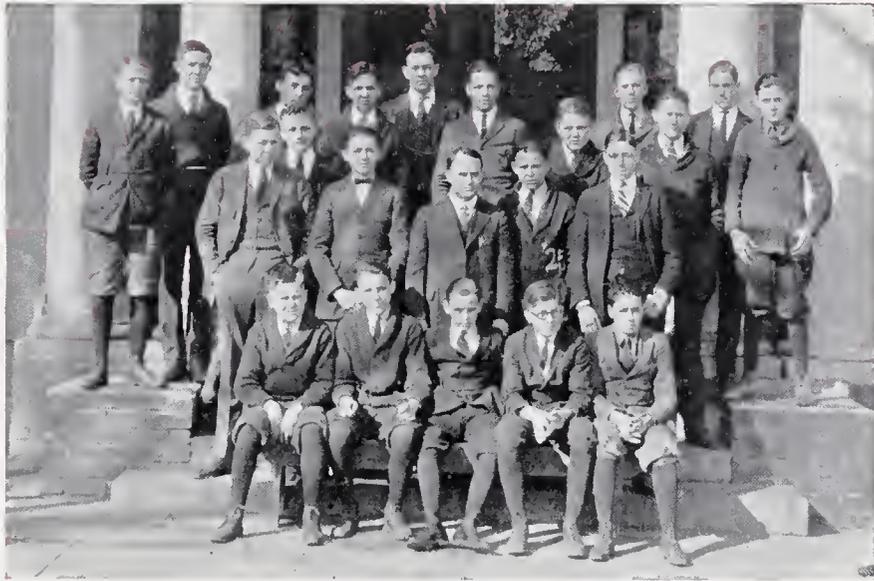

HI-Y NO. 1

We dedicate this page to Mr. F. R. Casper, our friend and founder of the Hi-Y clubs in Greensboro.

Hi-Y Club No. 1 is composed of the finest boys in the High School. The boys in this club have tried hard to live up to the ideals of Hi-Y: clean speech, clean sports, clean scholarship, clean living and contagious Christian character. The boys in this club have as high averages in scholarship as any other group of boys in the school. Along with this, nearly everyone of them has succeeded in making a name for himself and his school in athletics.

Our leader, Mr. Lee Edwards, is as fine a man as can be found anywhere. He is loved by all who come in contact with him, especially the boys.

The roll is as follows: Fred Turner, president; Kenneth Williams, vice-president; Earl Sellers, secretary; Spencer Adams, treasurer; Norman Block, press reporter. Members, John Sikes, Ulton Hodgin, Charles Watson, Charles Harrison, Thomas Swift, Penn McIntosh, Norman Cooper, Clinton Jackson, M. C. Comer, Douglas Scales, Oscar Wrenn, David Thomas, Robert Wilkins, Fred Burroughs, Bruce Greene.

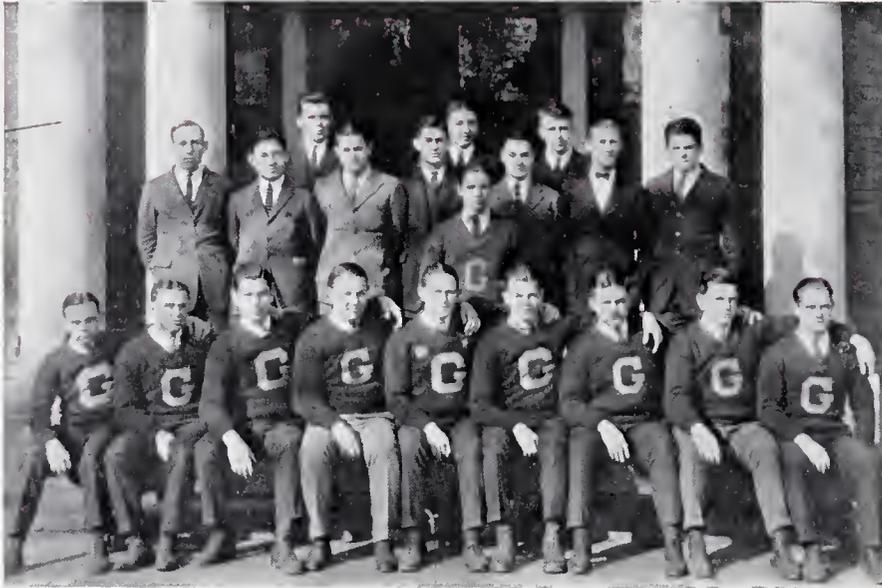

HI-Y NO. 2

In October, 1922, Mr. Casper, the boy's Secretary of the Y. M. C. A., with the help of Mr. C. W. Phillips of the High School, selected twelve High School boys to organize a Junior Hi-Y Club. The twelve boys assembled and had supper together. They asked eight other boys to join. Officers were elected and the club began running smoothly. This club stands for: clean speech, clean sports, clean scholarship, clean living and contagious Christian character.

A representative was sent to the Hi-Y convention in Concord. The two clubs combined and gave a "Mother-Son" banquet. This was the first of its kind in the city. There has been a social given to the boys' girl friends. An attempt was made to get boys who were out of school back again. The club has also helped the "Y" in mission work and in various other ways.

Under the leadership of Mr. Charles Phillips, the Junior Hi-Y assembles every Thursday night for supper. After supper Mr. Phillips gives a talk to the boys.

The roll is as follows: Harry Neel, president; Norman Stone, vice-president; Merrimon Irvin, secretary; Rufus Little, treasurer; Members, Adam Clement, James McAllister, Maurice Turner, Elmer Shelton, Francis Brooks, W. C. Coble, Harvy Ljung, Arthur Davant, Tyree Dillard, Edwin Lashley, Roger Haller, Earl Barger, Egbert Anderson, Troxel Reynolds, Broaddus Davidson, William Neal.

BOYS' MONOGRAM CLUB

The Boys' Monogram Club was organized in February, 1923. Bruce Green was elected President, Kenneth Williams, Vice-President, and Buster Swift, Secretary and Treasurer. At this meeting the boys decided to sell peanuts and Eskimo pies at the basketball game to be played that night with Reidsville.

This plan was carried out, the boys made \$21.50 and the club decided to use this money to pay for the pictures of the sponsors to go in the Annual.

The purpose of this club is to organize all the letter men, and to aid and support all phases of athletic activity in the school.

GIRLS' MONOGRAM CLUB

The Monogram Club has increased in number since last year. There are now somewhere around twenty-two wearing the "G." This monogram stands for much work, it is almost impossible to get a "G" in one sport unless you wait several years to do it. And when you see a girl wearing a "G" you may know she is a good athlete. Points may be obtained from hiking, swimming horse-back riding, managing a canoe, tennis, folk dancing, training, field day and basketball. Most points are made in swimming. It takes 200 points to get a "G" and it is very hard to get over 75 points in one sport a session, in many sports 50 is the maximum.

The "G. N. C." stands for twice everything the "G" stands for. It takes 400 points to obtain one of these. There are six in Greensboro High School now. Ten have been awarded to Greensboro; this number exceeds that of any other school in the state. Helen Clapp, Marjorie Blair, Elizabeth Transou, Louise Smith, Eleanor Barton and Margaret Patterson are the wearers of the "G. N. C." here. Several of the ten have been awarded stars, which come with every 100 points after you have obtained 400.

HIKING CLUB

OFFICERS

MARGARET PATTERSON	<i>President</i>
DOROTHY ALBRIGHT	<i>Press Reporter</i>
MISS FLORA DETWILER	<i>Faculty Head</i>

Started two years ago, the Hiking Club has so continued to be one of the most important organizations in school from the standpoint of benefit derived.

Practically every week this year the members have met and enjoyed several hours in the open together. There is hardly a hill or valley in the country around, that has not felt the tread of the hikers' feet.

And not only have they become more familiar and appreciative, with and of nature, but they have acquired points toward their monograms, for every mile which they hiked meant a point in the athletic point system.

THE POETRY CLUB

OFFICERS

MARJORIE CARTLAND	<i>President</i>
KATHERINE GREGORY	<i>Vice-President</i>
NANCY LITTLE	<i>Secretary-Treasurer</i>
LILLIAN CLEGG	<i>Reporter</i>
W. A. BARTON, JR.	<i>Faculty Adviser</i>

The Poetry Club was a satisfying evidence of the love of the better and deeper things of life by a considerable number of the High School students. It was organized to enjoy good poetry of all kinds; to study the principles of poetry in order to develop a cultured literary taste; to practice in a simple way the art of versification; and to popularize poetry among the students of the school. In line with these purposes it published in *High Life* at frequent intervals contemporary poems, which, in the opinion of the club, possessed unusual merit; the club also collected contemporary poems, which were typewritten and bound as a gift to the school library. Among the poets studied during the year were Alfred Noyes, Henry Van Dyke, T. A. Daly, Christopher Morley, J. C. McNeil, John Masefield, Madison Cawein, Edwin Arlington Robinson and Robert Frost.

LATIN CLUB

"Deffasi Aeneadae"

OFFICERS

THELMA FLOYD	<i>Praeses</i>
SARA MIMS	<i>Pro-Praeses</i>
ELIZABETH SIMPSON	<i>Secretarius</i>
HELEN CLAPP	<i>Custos Aerarii</i>
YVONNE STINNETT	<i>Nuntius</i>

✦ ✦

The first Senior Latin Club was organized in 1920. Since then it has become yearly a source of more and more interest not only to its members but to the whole school.

The club meets informally every day at class period. Its business meetings and programs are held once a month. All business is conducted in classical Latin, and as much of the program as possible is given in the same language.

The programs are generally based on some holiday of the month in which they are held. The December Christmas program was one of the best. Probably the most amusing of the year, however, was the Valentine meeting. At this time the club witnessed a Latin version of Shakespeare's terrible tragedy of Pyramus and Thisbe.

In March the club put on a moving picture in chapel, "The Descent into Avernus." It was of great benefit both to the management and the audience. For the one paid for its picture in the annual and the other had a glimpse of its future and learned what to expect.

The club makes the study of Latin intensely interesting. It makes the language and the people who spoke it seem very much alive. Most of all it is an incentive to a further study of the classics.

GIRLS' COUNCIL

OVER THE TEACUPS

"The possibility of forest boundless as the continents of earth slumbers in the hull of a single acorn."

Whence came these new terms—Over-the-Teacups, Girls' Forum, Girls' Athletic Council, Dean of Girls—which we hear of late in Greensboro High School? Why it means that in this High School the girls with their extra-class room activities have been organized and some one definitely in charge. Through such organization and guidance the goal is ideal womanhood. Just as Emerson pleads for "Man thinking" or complete manhood for the American Scholar, so this particular part of the work in G. H. S. works toward the end that every girl should be first of all a girl in possession of those qualities of mind, body, and spirit that make complete womanhood—thereby building in the School the highest morale and developing lives upon the highest planes.

Our organization is not a complex one—it attempts to meet the present demands of democracy, and also to become a department of the cooperative association. Over-the-Teacups is composed of one representative from each session room—except the two senior rooms which have two representatives. This gives twenty-six members, who meet in the Cafeteria the first Tuesday of every month. Usually tea or hot chocolate is served—hence the name, Over-the-Teacups.

But sipping the tea is a very small part of the meeting of this group, for it is here that committees are appointed, problems discussed, and suggestions made to the student body of girls and boys.

Besides this, we have a girls' forum which meets the first Friday of each month during chapel period. A program, prepared by a group of girls or a speaker brought in, is given. There is always a part of the period given to discussion. Here each girl or group of girls may have the chance to express herself, concerning problems and things pertaining to her welfare.

The work of this organization has been effective and felt in many ways. It is a kind of work that results are felt immensely, but very quietly. The Social Committee help to formulate the Social policy of the School. It planned receptions during the year, a tea for the Faculty, and possibly the biggest and far-reaching thing the Mother-Daughter Banquet. The Civic Committee has helped keep the buildings and grounds clean. The Thread and Needle Committee tried to keep convenient things needed for mending. The Bulletin Board Committee helped to keep the Bulletin Boards attractive.

While no organization is developed completely by one person, there is no question but that the origination and promotion of the program of the group which is working under the title of "Over the Teacups" is easily traced to Miss Killingsworth, our Dean of Girls. In season and out she has labored for the ideals for which this group is successfully standing. May she have the full support of the entire school is the wish of the girls of "Over the Teacups."

HI-COLLECT CLUB

HI-COLLECT

(HIKE AND COLLECT)

The Hi-Collect Club was organized three years ago. The purpose of this society is to create a greater interest in Science. The work of this society is to collect specimens of cocoons, trees, flowers and other things of interest, and to read magazines which tell of things in the world of Science.

Members of the club frequently hike through the woods to obtain specimens. The club meets twice a month to render attractive programs in Science.

The Hikollect Club includes all students of Biology. The officers consist of President, Vice-President, Secretary, Chairman of the Program Committee, Chairman of the Point System Committee and Marshal. The various sections meet at their own class period and each section has its own set of officers. The students vie with each other in the collection of specimens and prizes of Guide Books in Bird, Flower, Tree and Butterfly study are presented to the winners.

GLEE CLUB

AIM: To instill into the hearts of the members of G. H. S. a deeper knowledge and love of music.
 To create an appreciation of all that is beautiful and inspiring.
 To broaden the avenue of enjoyment not for our members alone, but for the Student Body at large.

*"Here in the realm of Music's gentle Art
 Are strains to soothe and rest the tired heart.
 And lull the spirit with their tones so clear
 And awaken olden memories fond and dear.
 Come in, dear friend and list awhile, I pray,
 And let sweet music drive dull care away."*

MOTTO: *"We work for utilities, not mere credits."*

We are builders of a business—
The very backbone of a trade;
"We're tutored in a line where
The wealth of the nation is laid.

Business and honor are the same,
Inseparable forever to remain;
Success in business is failure,
When our honor wears a stain.

Our Commercial Department is advanced in years, but rather belated in achievements. To it there was a past, there is a present, and for it there shall be a future. The advancing steps of restless feet bear uplifted faces to scenes of new endeavor. Here our heads must work first, hands second, and mechanical devices third; then, for the fourth, in perfect unison, all three must work together.

On the day of our final accounting, we are trusting our books shall balance, and the differences of all real accounts shall appear on the left hand side of our ledger.

+ +

The Chemical-Physical Science Club is an organization of Seniors and Juniors taking Chemistry and Physics. The chief purpose of the club is to develop in its membership a genuine interest in and an appreciation of science. With this purpose in view the club has aimed to get able lecturers who are leaders in the scientific field to deliver lectures in the High School Auditorium. These lectures have been open to the public and have been largely attended.

Plans are now being made for the club to hold regular bi-monthly meetings next year. Regular programs of experiments and reports of recent advances in chemistry and physics will be given by the students. These experiments will be novel enough to be interesting and worth while enough to be instructive. As an added feature at least two social functions will be given during the school year.

It will be the policy of the club to continue to get able lecturers from the colleges in the state.

THE ORCHESTRA AND THE STRINGERS

There were two organizations that did much to increase enthusiasm for music in the High School during the past session—the Stringers and the Orchestra. The Stringers was composed of mandolin, guitar and ukelele players; the Orchestra was made up of violin, cornet, clarinet and saxophone players. Both organizations contributed much to the enjoyment of the chapel exercises. The aim of both these groups was to improve in musical technique and taste. The citizens of Greensboro showed their interest and appreciation of the work of the organizations by inviting them to play on several occasions. Both clubs were directed by W. A. Barton, Jr.

WILLIE GREEN	<i>Representative from Boys' Athletic Association</i>

The Students Coöperative Council of the Greensboro High School was organized the first of March after many months of debate and discussion. It is composed of eleven members representing the various organizations and works along four lines: (1) to encourage high scholarship; (2) to uphold high standards of honor; (3) to increase the loyalty of the students and townspeople; (4) and to act as a medium of expression between the students and faculty.

Although the Council has been in existence only a short while, its influence has been felt in a renewed "esprit de corps" throughout the whole student body. This is especially evident in gatherings in the auditorium and in public occasions. Also there has been a definite stand for honesty on examinations, and an insistent demand for regard for the property of others. The Faculty has found it very helpful to have the students' point of view expressed through the Council. The charter members of this organization have rendered the school a distinct service in bringing in a new era of student responsibility and coöperation.

WINIFRED BECKWITH IONE GROGAN LUCILE MERCER RUBY WINE

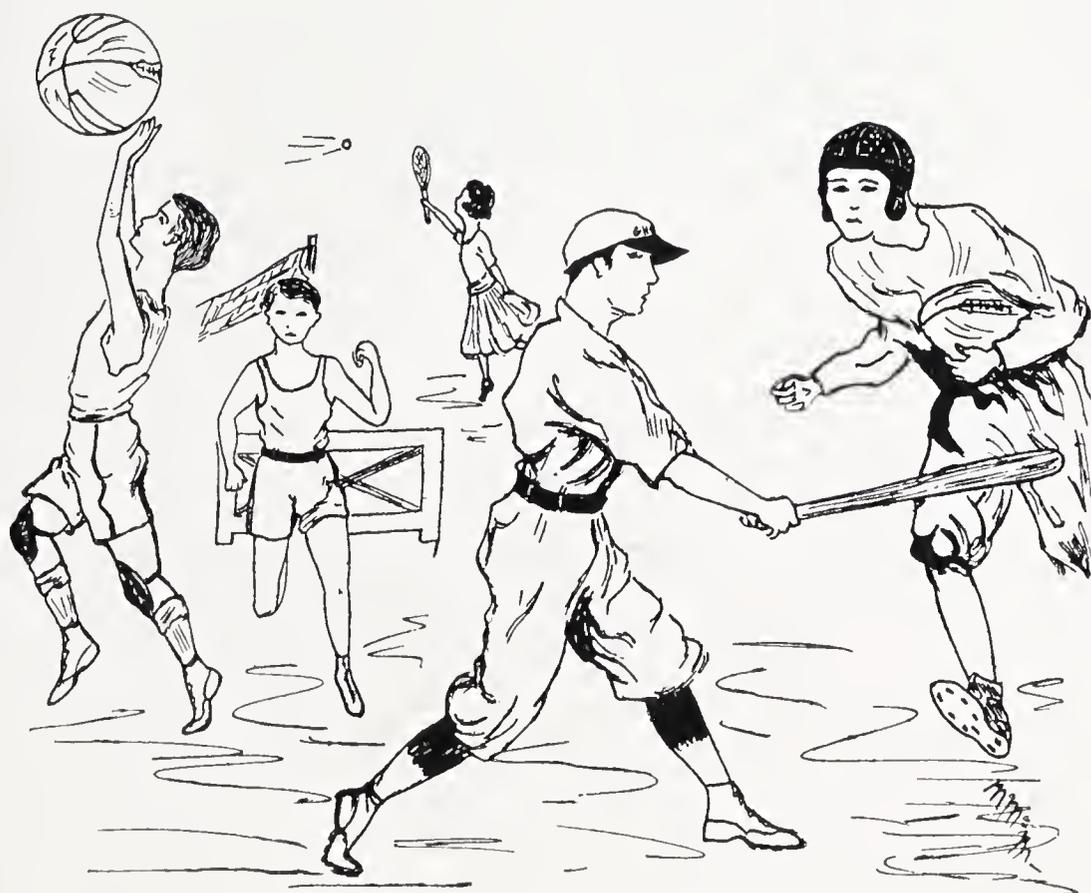

The aim of the club has been to carry on the excellent work begun by last year's dramatic society. The programs were planned with the idea of helping those students who wished (a) a history of drama; (b) a knowledge of present-day tendencies in European as well as American theatres; (c) information concerning prominent actors and playwrights; (d) practice in reading; (e) a keener appreciation of plays seen on the stage; (f) enough practical dramatics to assist in acquiring poise, confidence, adaptability, and interpretation of characters.

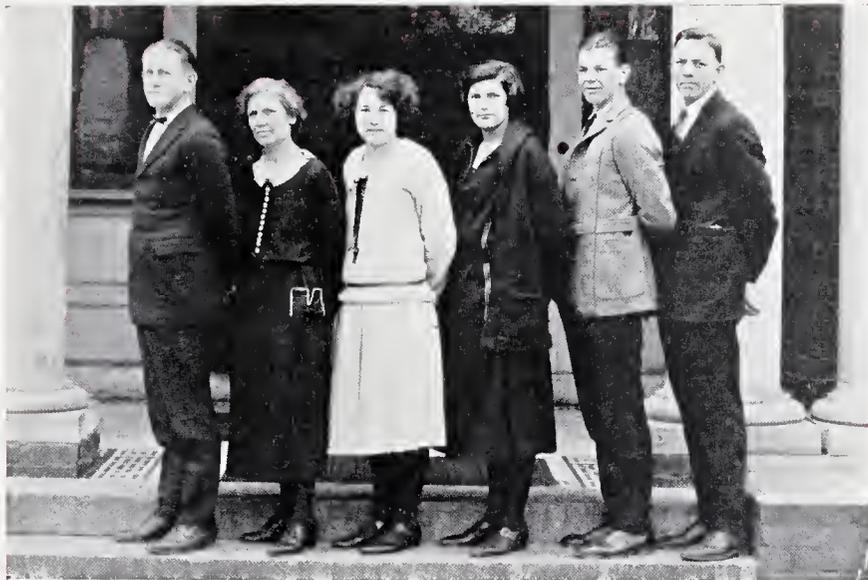

Among the plays studied or presented were: Alice Gerstenberg, *Overtones*; Lady Gregory: *Spreading the Netes*; Oscar Wilde, *The Importance of Being Earnest*; Chas. Rann Kennedy, *The Servant in the House*; John Galsworthy, *The Mob*.

The comedy, "What Happened to Jones," by George H. Broadhurst was staged on the night of March the 23rd with the following cast of characters:

JONES	Robert Irvin	HENRY FULLER	Herman High
ERENEZER GOODLY	Bobby Wilkins	MRS. GOODLY	Bertha Ferree
ANTHONY GOODLY, D. D.	Clinton Jackson	CISSY	Margaret Stockton
RICHARD HEATHERLY	Norman Cooper	MARJORIE	Josephine Thomason
THOMAS HELDER	Leonard Temko	MINERVA	Mary Roslin Bowden
WILLIAM BIGBEE	Moulton Avery	ALVINA STARLIGHT	Margaret Sweeney
	HELMA		Nancy Little

Athletics

ATHLETIC COUNCIL

The Greensboro High School Athletic Association is an organization of High School students for the promotion of the physical work of its students. It is composed of practically the entire student body—the basis upon which the individual belongs is the payment of a monthly fee of twenty-five cents which entitles him to admission to all athletic contests. This is a saving to the individual and a gain for the association.

From the funds of the association all materials needed are supplied to all teams. The Athletic Council is the final authority in all matters relating to the finances.

All athletic honors in the form of letters and trophies are awarded by the General Association to the individual. For the sake of a more practical working unit the General Association was here broken up into two group associations—one for the boys and one for the girls. In this way the actual athletic program suited to each group may be promoted. The Athletic Council is the uniting force which directs the whole program. It is composed of a faculty representative from each of the associations, the President of the General Association, the Presidents of each of the group associations and the General Secretary. The Principal is of course an ex-officio member of this Council.

The work for the past year has been very successful from the standpoint of membership, and activities. The full hearted support of this phase of school life should be continued.

FOOTBALL SQUAD

THE SEASON

Although Coach McFadden was forced to build a team composed of raw material, the season as a whole was not regarded as a failure by any means. Through the coaches' hard work, and the players' willingness to learn, before the season ended, G. H. S. was represented as one of the best teams in the state, and had it not been for the hardest kind of luck it is certain that the Purple Whirlwind would have made a name for itself.

Starting the season with only two letter men, Captain Green and Sellars, the team tackled some of the state's leading elevens and made good showing against them all. The game played against Oak Ridge was the shining light of the season, the Institute eleven being recognized as one of the best in the state. G. H. S. promptly showed their ability by running up a score of 26 to 7. Throughout the entire season the team showed plenty of "pep," and improved with every game.

THE TEAM

NORMAN BLOCK, *Center*

Block is a tower of strength in the line. On the offense, when only a few yards were needed for first downs, and a run over center was called, Block could be depended on to make it possible to gain the necessary yards. On the defense, he could also be counted on to stop the plays coming his way.

FRED BURROUGHS, *End*

This is Fred's first year on the regulars, but every one knows he has proved himself a good football player. Fred is a fellow that says little and does lots. He plays the game hard and fair and always delivers the goods when called on.

NORMAN COOPER, *Manager*

This is Cooper's second year at managing the team. His ability as manager has been shown throughout the successful season. "Coop" is always on the job getting the best possible conditions for the team and looking after every need.

THE 1923 REFLECTOR

BRUCE GREEN (*Captain*), *Tackle*

"Willie," captain of 1922 and captain-elect of 1923, is one of the hardest fighting men on the G. H. S. eleven. "Buck" is a tower of strength in the line, and very few of the players were able to follow the example set for them by their captain.

ULTON HODGIN, *Guard*

Ulton is in every minute of play, and can always be counted on to do his part. We feel sure that Hodgin will be an important factor in next year's line up.

CLINTON JACKSON, *Tackle*

Although this is Jackson's first year, he played one of the best games of the season. Clinton could always be depended on to do his part, and very few, if any, get by him.

FRED TURNER, *Center*

Fred played a good game at center this year as a substitute for Block. Fred played only a few quarters but was in the game when he did play. Everybody was glad for "Freddie" to make a letter, specially since it is his last year.

BOBBIE WILKINS, *Halfback*

Too much cannot be said of Bobbie's playing. His receiving of passes bears a mark of genius. Many a touchdown has been made possible by Bobbie's ability to receive passes accurately. As a kick returner he is excelled by few, if any.

KENNETH WILLIAMS

"Knot" is also making his first bow, but no one would think so after seeing his playing. When it comes to picking up fumbles or receiving passes he is always on the job. "Ben" always enters the game with the determination to win, that no one can down.

EARL SELLARS, *Halfback*

"Dude" was our regular end, but after showing the Coach his ability as a ground gainer, he was shifted to the backfield, where he proved to be a good

man. He always played the game hard and fair, and we are glad to say that Earl will be with us again next year.

BUSTER SWIFT, *Quarterback*

Although this was Buster's first year at running our team, he ran it like a veteran. "Bus" always runs the right play at the right time. This, together with his ability to pass accurately and to gain ground, made him one of the most important men in the season's line-up.

OSCAR WRENN, *Left Guard*

Although this is "Ikey's" first season of football, he is a great guard and a steady, calm worker. He was an exceedingly strong factor on the defense.

PENN MCINTOSH, *Fullback (All Southern)*

"Big Mac," our husky fullback was without a doubt, one of the best line plungers in the South. Whenever a few yards were needed for a first down, Mac could be depended on to gain the necessary ground and more. McIntosh was the only man in the state to be picked as "All Southern."

G. H. S., 0—SANFORD, 6

In the first game of the season G. H. S. met a team that afterwards proved to be very much in the championship race by beating Fayetteville, Durham, and some of the other leading elevens. In this game, eight of the men in the G. H. S. line up played their first regular game of football. G. H. S. seemed to have as much strength as Sanford and the game would have probably resulted in a tie had not a Sanford back intercepted a forward pass and ran for the only touchdown of the game. In this game "Judge" Adams received injuries that kept him out of the game for the rest of the season.

G. H. S., 0—FAYETTEVILLE, 12

The team made a very good showing on the game with the champions of 1921. The Purple Whirlwind played the Cumberland county lads off their feet in the first half and if the injuries to "The" Wrenn, "Hefty" McIntosh, and

"Bobbie" Wilkins could have been barred it is very probable that they would have continued their spectacular playing in the second half.

G. H. S., 0—WINSTON, 42

In the game with our old rivals, Greensboro was outplayed all around by the yellow-jerseyed huskies of Winston.

The game started with Greensboro outplaying the Winston lads in the first half, but because of their inability to maintain the pace set and because of Winston's great reserve strength, G. H. S. was forced out of the limelight only to wait for another crack at their rivals.

G. H. S., 42— D. M. I., 0

At the start of this game Coach McFadden changed the line up of the team, shifting McIntosh and Sellars from the line to the backfield and Green from the backfield to the line, showing that G. H. S. had the players, but was playing them in the wrong positions. The new team showed that the Coach's judgment was right in making the change, by winning from D. M. I. by the overwhelming score of 42 to 0.

G. H. S., 0—OXFORD, 6

G. H. S. went into this game fully expecting a victory, not an easy one, however, but because an Oxford back intercepted a forward pass, and ran eighty yards for the only touchdown of the game, shows that their expectations were given a decided jolt.

G. H. S., 13—LINCOLNTON, 6

The Lincolnton boys so surprised the locals by their touchdown in the first few minutes of play, that they were somewhat off their form for the first half, numerous fumbles being made in this period which kept G. H. S. from running up the score.

G. H. S., 3—WINSTON, 28

In this game G. H. S. showed that they were a much improved team over the one that first met Winston. In the first half G. H. S. easily outplayed their

opponents, but in the second period Winston's reserve strength turned the tide of victory in favor of Winston, after the local lads had disabled Winston's first team.

G. H. S., 14—ELON SCRUBS, 19

With a number of first string men in the line up, the Elon scrubs outplayed G. H. S. during the first three periods of the game. After G. H. S.'s second team had played two quarters, the first team went in during the last. During this period G. H. S. showed their superior playing by making two touchdowns in the last five minutes of the game.

G. H. S., 26—OAK RIDGE, 6

The game with Oak Ridge was considered the shining light of the season. In this game G. H. S. upset all "dope" by running up a score of 26 to 6. Oak Ridge was considered one of the strongest teams in the state, and it was generally considered to be a certain winner. Greensboro hit its top speed for the first time during the season, and by a great come-back during the second half, held the opponents to not a single first down and scored three touchdowns themselves. The entire team played as a single man, and to this fact may be attributed the remarkable game which G. H. S. played.

MONROE, 7—GREENSBORO, 6

Without meaning to detract in any way from the ability of the Monroe team, at no time during the year did the jinx which stayed with the G. H. S. team so consistently work any greater harm to the Purple Hurricane. G. H. S. was able to gain practically at will during the entire game, but over-anxiety on the part of the players when inside Monroe's ten-yard line caused them to lose four touchdowns, and the game ended with Greensboro in possession of the ball on Monroe's four-yard line with three downs left to take it over. Every man gave all he had, and the team played a truly great game, but the fates ruled otherwise, so Monroe was the winner.

KATHERINE GREGORY

BASKETBALL SEASON, 1922-'23

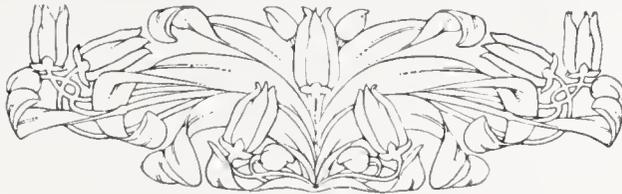

At the end of the football season Coach Park issued a call for candidates for basketball and a squad of 64 men responded. Only one veteran of last year's team remained, Captain Williams. The fact that so many were inexperienced and practically every position was open gave the Varsity aspirants an assurance of a fine opportunity for making the team and competition was keen.

Within a short preliminary period the squad was cut to about 12 men. Shortly following this Captain Williams found it necessary to drop basketball for this season and Earl Sellars was appointed to fill Captain "Knot's" shoes.

In the early part of the season Neese's Hall was secured for regular practices. Four of the important home games were played on that court.

A rather heavy schedule for a novice team was planned and though the team worked well, it was an uphill climb. The series opened with a victory 19 to 8 over the Guilford College quintet. Then the team made a trip into foreign fields, playing four games in three days at Mooresville, Charlotte, Kannapolis, and Concord. Resulting in three defeats and one victory for the "Purple and Gold." Another trip followed the next week and then a series of games on the local courts.

As a whole the season as far as scores against opponents were concerned did not show up well but the team did develop a fine defensive line and a good background of experience and training for the coming year. Not a player will be lost by graduation and the prospects for the next season are unusually good.

PERSONAL WRITE-UPS

CAPTAIN SELLARS, *Guard*

There is not a better guard in the state than our captain "Dude." No man on the team has worked harder or more consistent than he.

The team feels extremely fortunate in being able to count on Earl for next year.

CHARLES HARRISON, *Forward*

It was prophesied last year that if Charles only had more of the bone muscle and strength that "Big Dan" had he would make one of the best forwards in the State. Charlie's record this year fulfilled this prophecy.

BUSTER SWIFT, *Guard*

Here is a fellow who never misses a practice.

One of Buster's most noticeable traits is his even temper which he has never been known to lose. The forward who can get by Buster is some fellow!

NORMAN STONE

Norman is one of those calm level headed fellows who can be put in a game at any time and be relied upon to do the right thing at the right time. The way he has stuck to the team through thick and thin makes us feel that with his help our next year's team will be a success.

FRANKLIN GOODWIN, *Center*

If Frank's good work continues our next year's team will have one of the best centers in the State. This is Franklin's third year with the squad and he's a stellar player.

FRED BURROUGH'S, *Forward*

This is Fred's first year with the team and he's made good in the true sense of the word.

His natural quickness and his keen eye have done much to make the team what it is. If he keeps up his present record he will be one of the mainstays of the team of '24.

NORMAN BLOCK, *Center-Manager*

"Lady" is without a doubt the best business manager we have. He pulls hard for the best possible conditions for his team and he has helped in every way to maintain the highest standards of sportsmanship.

Block was voted the most influential boy in High School and there's not a better fellow on the team.

THE SEASON

The squad began practice the first week after Christmas. The squad was mostly made up of Juniors and Seniors, with few exceptions. The total number was 13. The girls contend that this is a lucky number. There were three practices a week, on Monday, Tuesday and Thursday. From the very start the girls showed lots of enthusiasm and this helped make the team what it was. Eleven games were played during the season; Greensboro losing two, and winning nine. Many of the games were pretty hard, but Greensboro came out on top.

Every girl on the squad deserves mention when it comes to praising but as for individual praise there is little, not one of the players individually made the team; it was the squad together. The team work of the squad was at its best.

The girls feel that the success of the schedule was due to the Manager, Helen Clapp. Helen was on hand always to attend to the business end of things and it might be added that Helen was one of the squad's best guards.

"Pete" Stinnette, the Captain, could not be passed over; the success of the squad in keeping its "pep" and enthusiasm is due to "Pete" always being on the job with a smile.

From the looks of things for next year, the basketball team will be a success, with Margaret Meyers as captain, and Pattie Webb as manager.

"Here's to success for the coming year."

The coach, Miss Harnsberger, must not be forgotten. She is the best coach that the team has ever had. Though she put the squad through some gruelling practices, her cheery smile and good humor never failed. Her contagious enthusiasm for basketball and all athletics encouraged and inspired the basketball team to do its best, and the best of the girls' basketball team was the superlative plus.

The subs, the girls who go out to practice and sometimes never get in a game, are the making of any team. The subs for this team were the most faithful and conscientious workers in any phase of the school activities.

If we can keep our coach, and most of the members of this year's team we will have next year a better team, if possible, than the team of '23.

TRACK TEAM

TRACK

The track squad started work early this spring and under the excellent coaching of Mr. McFadden a formidable team has been developed from practically new material. The training started at the first of March and by the time the Durham indoor meet came off the team was beginning to show some form, but owing to lack of experience they did not win any events. In this meet M. C. Comer, C. Anderson, Newell, H. Coe, Lewis, Wyrick, Thomas, E. Anderson, Ford and Whittington took part. Thomas, a promising sprinter, had the misfortune of springing a "Charley Horse" at this meet and it kept him out of the running until after the state meet.

Following this came a meet at Charlotte which Greensboro lost. In this meet Comer took third in the hurdles and Haller fourth, Horney took third in the mile, Coe took third in the half, Wyrick took second in the 100 and 220 and E. Anderson took first in the 440 with Newell of Greensboro a close second. Goodwin took second in the Discus, the high jump, Lewis took third in the shot put and discus and second in the javelin throw. C. Anderson also took second in the pole vault. In the relay race Greensboro was defeated by a very small margin.

The Elon meet was as follows: 100-yard dash, Wyrick first. 220-yard dash, Wyrick first. Half-mile, Coe first. One mile, Horney first, and Shelton third. 440 E. Anderson second, Newell third. 120 yard hurdles, Haller second. Goodwin tied for fourth in the high jump, got third in the discus. The relay team composed of E. Anderson, Coe, Newell and Wyrick won.

On April 12 Greensboro's team composed of Newell (Captain), Comer, E. Anderson, Coe, Horney, Goodwin and Wyrick went to Chapel Hill for the State meet, Greensboro entered only the 440, half-mile, one mile, hurdles, high jump, discus and relay out of a possible 13 events. Wyrick won the 440 and Horney made fourth in the mile. Comer came to the semi finals in the hurdles. Goodwin made a good showing in the field event but did not place. The relay team composed of E. Anderson, Newell, Coe and Wyrick took first place and thereby won the silver loving cup.

Because of the track season not being over a complete report cannot be given. Three meets are yet to come. The Guilford meet at Guilford College April 21, a Triangular meet with High Point and Reidsville at Greensboro, April 28, and the Western North Carolina meet at Greensboro, May 5. The latter will be the biggest meet ever held in the state, about 200 contestants being entered.

The Team is composed of Newell (Captain), who runs the 440 and the relay, Wyrick for the 100, 220, 440 and relay, Coe for the half mile and the relay, Comer for the hurdles, Horney and Shelton for the mile, E. Anderson for the half mile, the 440 and the relay, Goodwin for the high jump, the discus and the javelin, H. Lewis for the shot, javelin and broad jump, C. Anderson for the pole vault, Haller for the hurdles, David Thomas for the 100 and 220 and John Ford for the 100, 220 and shot.

Besides these men we have, Hackney, Everett, Brooks, Pierce, Pritchett, Berrier, Smith, Elliot, Hodgin, Williams.

The team has been especially faithful about attending practice and as many of them will be back next year a good team is expected.

TENNIS TEAM

TENNIS

The Boys' Tennis team of Greensboro High School had a very successful season in 1922-23. In a tournament held during the month of September the following men made places on the team: William Scott, Frank Stone, Clarence Scott, Thomas King, Clement Penn and Charles Causey.

There were three matches held during the fall semester, namely: Guilford College, Oak Ridge Institute, and Burlington High School.

On October 6, the local players won from the Guilford College tennis team on the college courts, four matches to one. Bill Scott, Thomas King, Earl Barger, Clement Penn and Clarence Scott won their matches easily, while Frank Stone of Greensboro was outplayed by Benbow Merrimon, captain of the Guilford team.

On October 11, the Oak Ridge team defeated the Greensboro boys on the local courts two matches to one. In the doubles match, Morton and Burns of Oak Ridge, defeated Bill Scott and Tom King 6 to 1; 6 to 4. Burns of Oak Ridge defeated Clarence Scott 6 to 4; 6 to 3. Sonte of Greensboro defeated Zackary of Oak Ridge 9 to 7; 6 to 3. Bill Scott and Scotty Morton fought to a tie.

Burlington was defeated on October 13 by the score of five matches to none. Stone, C. Scott, W. Scott, Penn, Causey, and King were all victorious. Stone was the star of this tournament, defeating Sellars, the Burlington captain, 6 to 0; 6 to 1.

At least seven matches will be played by the boys during the spring semester. The following schools have been booked for individual matches: Burlington, Winston, Lexington, Danville, Oak Ridge Institute, Guilford College, and the Carolina Freshmen. In addition to these matches, the Greensboro players will participate in the state meet to be held at Chapel Hill, April 12, 13 and likewise in the sectional tournament to be held in Greensboro, May 4 and 5.

March just heard the first call for baseball practice, and fifty men responded to the call. Five letter men were on the field to take their places along with some other experienced men. The squad was cut down and a team picked for the first game on March 17. Other men who have been in varsity games are: Wiley Swift and Chas. Burgess, the latter looks good for a first class catcher some day.

The season so far, has been a success, despite the fact that only 50% wins have been turned in. Out of the fourteen games played, two have been tie-games; South Buffalo and Raeford, six have been wins; Reidsville, Sanford, Fayetteville, Raeford, Pomona, and Burlington, and six have been loses; Trinity, twice, Winston twice, Durham and Graham.

The team has made rapid continuous progress and the championship series may prove the unclosing of some real teams in the State. The material is present

BASEBALL TEAM

on the team. All that is necessary ever is a "pepy" game with everybody pulling together. Nothing can stop the team under such conditions.

Probably two of the best trips ever taken by G. H. S. Athletic teams have been made during the season. Manager Sikes arranged a four-day Eastern trip through the Eastern part of the State, which was made by automobile, and proved very successful and enjoyable. A second trip was made to Durham High School, Trinity College and N. C. State College. The two games with the college were rained out, but the boys made the trip just the same.

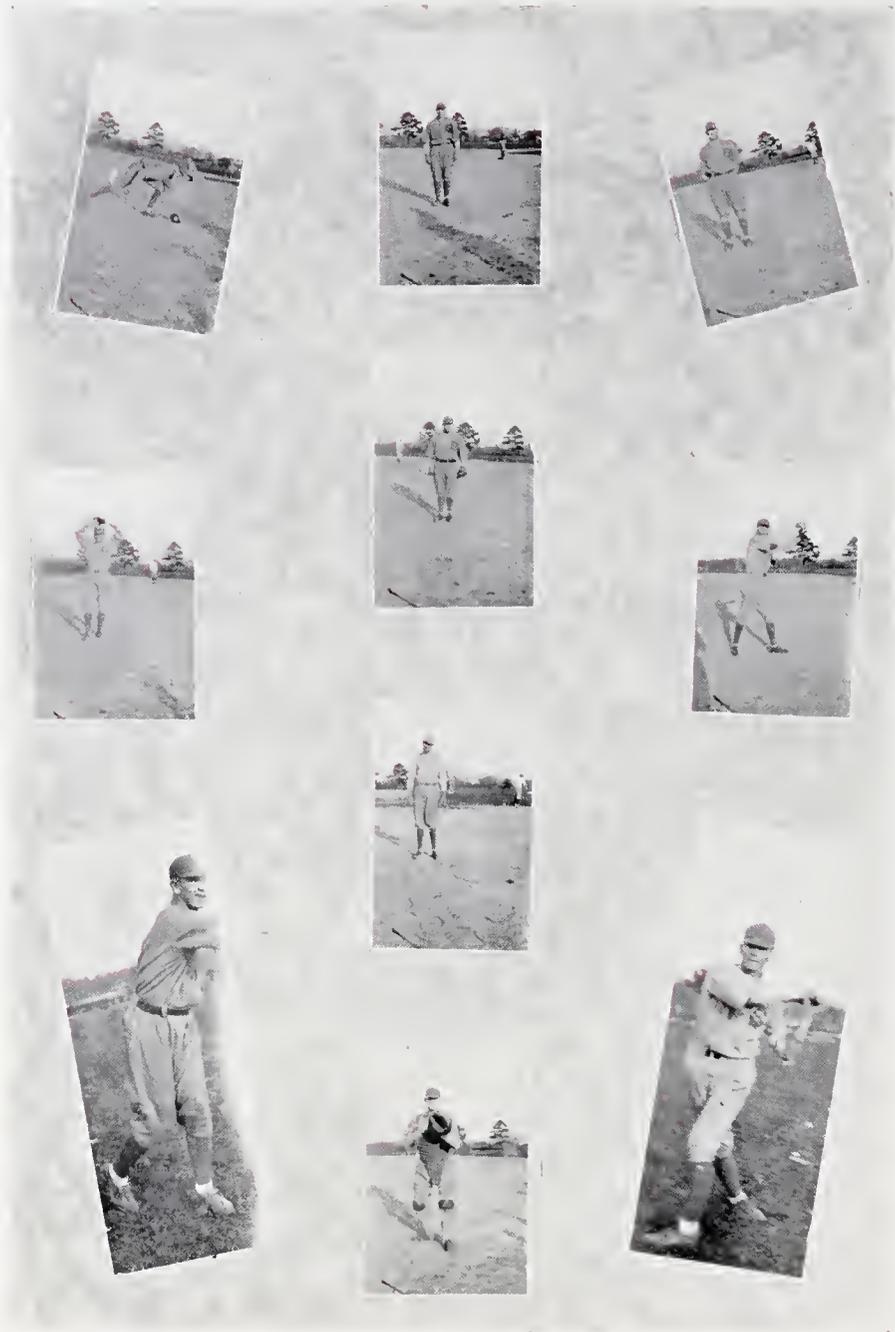

The season is successful even though not a single game more is won.

THE 1923 REFLECTOR

THE GIRLS' ATHLETIC ASSOCIATION

The State Athletic Association of which our principal, Mr. Guy B. Phillips, is president, is progressing marvelously. Many other schools from all parts of the state have taken up the trail blazed for them in 1921-22. The Charter has been drawn up and placed in each school, thus putting all on the same basis.

Our Association has been run this year more smoothly than in preceding years. We owe this fact to Miss Mary Morrow, who is the faculty adviser. Under her supervision the Girls' Athletic Council has proved an asset. This Council is made up of the heads of Sports, the officers of the association and the faculty advisers. The Council has been divided into committees, the program, points, citizenship, and scholarship committees; giving to each member a separate and distinct job.

The Point System, one of the many lines along which our school has grown more democratic, is marking splendidly. This system enables a girl to win her monogram after hard work in all lines of Athletics, thus making her a better all round girl.

Many different phases of Athletics have been carried out. Two water meets, two Track meets and two Tennis Tournaments have been held. The Basketball season started with the Class games and later the varsity under Miss Grace Harnsberger had a very successful season. Miss Detwiler has kept up her good record with the Hiking Club and sixty-five girls have met the requirements of the rules laid down by Miss Summerell, in training. In all these ways and many others, girls work and play, making their bodies and characters stronger for it.

THE GIRLS' ATHLETIC COUNCIL

The efficiency with which the Girls' Athletic Council has carried on its manifold and varied duties this year, has been noteworthy. This legislative, judicial, and advisory body has met each Thursday morning throughout the year, and through this group the girls physical work has been directed and inspired.

Perhaps the most inconspicuous workers in High School Athletics are the two secretaries of the Council. Their books are second only in importance to the teacher's record books, for they contain the individual record sheets for each girl of the association, showing points won and honors awarded.

The Council is composed of the officers of the Girls' Association, the Heads of Sports and the faculty advisors, as follows:

OFFICERS

HELEN CLAPP	<i>President</i>
YVONNE STINNETTE	<i>Vice-President and Chairman of Council</i>
FLAX McALISTER	<i>Secretary</i>
GARNETT GREGORY	<i>Assistant Secretary</i>
LUCILE BOONE	<i>Treasurer</i>

THE 1923 REFLECTOR

ELZIE FLUHARTY	Head of Track
MARGARET PATTERSON	Press Reporter and Head of Hiking
MARJORIE BLAIR	Head of Basketball
EDNA CARTLAND	Head of Tennis
EVELYN TROGDON	Head of Training
ELEANOR BARTON	Head of Volleyball
MARY THURMAN	Head of Folk Dancing
ELIZABETH SIMPSON	Head of Swimming

FACULTY ADVISORS

MISS MORROW	Faculty Head
MISS MITCHELL	Head of Annexes
MRS. PARKS	Director of Athletics
MISS HARNSBERGER	Head of Track, Swimming, and Basketball
MISS CARRIE STOUT	Head of Baseball
MISS DETWILER	Head of Hiking
MISS ADAMS	Head of Tennis

FIELD DAY MEET (FALL)

The Fall Field Day meet was held November 3, 1922, on the playground of the Spring Street School.

This meet was represented by members of each class, Seniors, Juniors, Sophomores, and Freshmen.

Prior to the meet, practices were held in the afternoons for the contestants of the different classes. Elimination followed, and those representing their classes in the different events met their class opponents on the day of the meet. Points were given for the different activities and at the close of the meet it was found that the Freshman class had nosed its way to the head by a total of thirty points. The Sophomore class followed with 19½ points, the Junior, a close second with 18 points, leaving the Seniors a sum of 8½ points. Individual honors were as follows:

I. RUNNING HIGH JUMPS

WINNER AND PLACE	CLASS
MARGARET MYERS, <i>First</i>	Junior
RUTH WATSON, <i>Tie for Second</i>	Freshman
ELIZABETH DARLING, <i>Tie for Second</i>	Sophomore
LILLIAN JONES, <i>Tie for Second</i>	Senior
HELEN FORBIS, <i>Tie for Second</i>	Sophomore
JOE ABERNATHY, <i>Tie for Second</i>	Freshman
GRACE WILSON, <i>Tie for Second</i>	Freshman

II. RUNNING BROAD JUMPS

WINNER AND PLACE	CLASS
RUTH WATSON, <i>First</i>	Freshman
JOE ABERNATHY, <i>Second</i>	Freshman
MARY THURMAN, <i>Third</i>	Sophomore
LOTA LEE TROY, <i>Fourth</i>	Senior

III. RUNNING HOP-STEP JUMP

WINNER AND PLACE	CLASS
CATHERINE GILL, <i>First</i>	Freshman
MAXINE FERREE, <i>Tie for Second</i>	Sophomore
MARGARET MYERS, <i>Tie for Second</i>	Junior
GARNETT GREGORY, <i>Third</i>	Sophomore

THE 1923 REFLECTOR

IV. BASKETBALL THROW

WINNER AND PLACE	CLASS
MARGARET MYERS, <i>First</i>	Junior
RUTH WATSON, <i>Second</i>	Freshman
ELZIE FLUHARTY, <i>Third</i>	Junior
ELIZABETH WEBSTER, <i>Fourth</i>	Junior

V. BASEBALL TARGET

WINNER AND PLACE	CLASS
LULA CARSON, <i>First</i>	Freshman
ELZIE FLUHARTY, <i>Tie for Second</i>	Junior
MARJORIE BLAIR, <i>Tie for Second</i>	Senior
MARIAN WALTERS, <i>Third</i>	Sophomore

VI. DASH (50)

WINNER AND PLACE	CLASS
ELIZABETH DARLING, <i>First</i>	Sophomore
MARY TILLEY, <i>Second</i>	Freshman
JOE ABERNATHY, <i>Tie for Third</i>	Freshman
ELIZABETH TRANSOU, <i>Tie for Third</i>	Senior
MARY THURMAN, <i>Tie for Third</i>	Sophomore

VII. RELAY

WINNER AND PLACE	CLASS
CLASS TEAM, <i>Second</i>	Senior
CLASS TEAM, <i>Third</i>	Freshman

Humor

WHAT THEY ARE PROUD OF

Wiley Swift: My Buster.
 Marjorie Cartland: My Ike.
 M. C. Comer: My Looks.
 Clarence Hobbs: My "Skeeter."
 Evelyn Trogdon: My "Goo-Goo Eyes."
 Elizabeth Simpson: My A's.
 Pete Stinnette: My Giggle.
 Helen Clapp: My "Stone."
 Mary Cothran: My Face.
 Thelma Floyd: My Tanglefoot.
 Addie Brown: My Dancing.
 Dave Thomas: My Ringlets.
 Ruth James: My Loyd.
 Roland Smythe: My Clothes.
 Robert Merritt: My Silence.
 Marjorie Blair: My Annual.
 Louise Smith: My Curly Hair.
 Willie Green: My "Drawl."
 Doc Carlson: My "Lizzie."

ADVERTISEMENTS

KEEP YOUR KNEES BEAUTIFUL

Use Madame Sweeney's Beautifier 50c. and \$1.00. Sure cure for knock knees. Dimples assured or money back.

Hear Frances Thomas, noted singer, GRAND, June 3, 1929. Introducing the song hit. "Sonny Days."

NOTICE: Someone has stolen my new Eyebrow-Pencil.

H. T. L. Tanglefoot.

MR. WILEY SWITH

announces himself as a Candidate for the position of Street Sweeper of Greensboro. Vote for Swift.

WANTS—WANTS

LOST: A perfectly good compass. Two bits reward "Jerry" Tenko.

WANTED: Several Senior girls class rings. Apply between 3 and 6 to Julian E. Johnston.

WANTED: A swift pony to take a journey through Virgil. Excellent pay. Apply to Alexander Stanford.

LOST: During the practices of "What Happened to Jones" about 25 pounds some where between McIver Street and the Grand. Finder please return to Fatty Jackson and receive Liberal Reward.

SENIOR LIBRARY (Continued)

"The Man-Hunter"—Miss Dorsett.
 "Jane"—Miss Summerell.

William Koenig was arrested yesterday for driving without license and under age.

DOMESTIC SCIENCE (?)

Ruth Hobbs: Aren't you the same man I fed yesterday with some of my biscuits?
 Tramp: No, ma'am, I won't ever be the same man again.

PROHIBITION, WHERE ART THOU?

Willie Sprinkle (a rising young minister in 1930): I looked at the mountains and could not help thinking "Beautiful as you are, you will be destroyed while my soul will not." I gazed upon the ocean and cried "Mighty as you are, you will eventually dry up, but not I."

Sargeant Ike (as the battle waged): I wish I was home in my father's barn.
 Captain: What would you do?
 Ike: I'd run in the house.

"FOX PASS"

Peggy: I consider, Howard, that sheep are the stupidest animals living.
 Howard (absent-mindedly): Yes, my lamb.

AFFAIRS OF NATIONAL INTEREST

Miss Marjorie Cartland has just secured a copyright on her latest book, "Old Sweet hearts of Mine" and is a reminiscence of her Senior High School days. It bids to be one of the best sellers of the season. This is dedicated to Gen. Oscar Wrenn.

The Pender-Grantham bridal party was attractively entertained at dinner last night at the West Market Street Lunch Stand. An elaborate one course dinner was served.

A beautiful monument was recently unveiled at the Greensboro Drug Store corner, at Greensboro, N. C., dedicated to Norman Cooper, who, it is said, spent much of his life on this corner. On the monument appears the following inscription: "Here he paid his last full measure of devotion."

Miss Elizabeth Transou will entertain the Thursday Afternoon Bridge Club next Monday at 3:30.

The following cards have been received here:

"Mr. and Mrs. H. C. McMasters announce the engagement of their daughter, Maurine, to Mr. Clarence Hobbs, of Greensboro, N. C.

Miss Margaret Patterson delightfully entertained Wednesday in honor of Miss Maurine McMasters attractive bride-elect of the season. Miss Hope Johnson won the high score prize and attractive vinegar cruet. Miss Patterson presented to Miss McMasters a beautiful pair of second-hand hose.

Miss Marjorie Blair and Miss Katherine Gregory will entertain at Rook at the O. Henry Hotel tomorrow.

Little drops in water
Little drops on land
Make the aviator
Join the heavenly band.

PHYSIOLOGY

Walter Cox: "They say dear, that people who go together get to look alike."
Mary C.: "Then good-bye forever."

QUITE THE BERRIES

Rich Suitor: I would die for you!
Mary Bowden: How soon?

FLAPPER LOGIC

Miss Summerell: Why should high school girls prefer Virgil to all other poets?
Thelma: Because he sings of arms and a man.

WHOLESALE PRODUCTION

Mr. L.: Bobby, I'll give you a quarter if you will get me a lock of your sister's hair.
Bobby B.: I'll get you the whole bunch for four bits. I know where she keeps it.

LATEST MUSIC HITS

- "Tanglefoot Blues."
- "Jennings Fox Trot."
- "McFadden Waltz."
- "Sweet Marjoram."
- "Ikey Eyes."
- "Bill Barton March."
- "Carry Me Back to Cooleemee."

AT THE THEATERS

AT THE NATIONAL
ROLAND SMYTHE

in
"CLOTHES MAKE THE MAN"

Note:—The man who put Rudolph Valentino out of business.

ADDED ATTRACTION

HERBERT COE the father of Jazz and his car-splitting, world renowned jazz orchestra.

AT THE ISIS

William A. Barton, Jr., presents his famous EUPHONY CHORUS including the following: Ruth James, Melva Nicholson, Nancy Woods, Marjorie Cartland, Pete Stinnette, Nancy Little.

PERSONALS

Miss Elizabeth Simpson left today for Jamestown, to participate in the National Tennis Finals.

Miss Rebecca Ogburn has returned from a visit to Rudd. While there she was the attractive honoree at several Flinch parties.

Miss Katherine Mann will leave some time next week for an extended visit to Cooleemee, the most attractive city of the South.

Misses Jo Thomason and Margaret Stockton have been chosen as delegates to the National Flapper meet in Los Angeles. Miss Kate Dorsett will accompany them as chaperone.

AT THE ISIS

"Lotie Troy, Gwendolyn Patton."

BEAUTY AND THE BEAST

Purcell: Can't see what there is in her you're so smitten with.
Ljung: Why, because she's so pretty.
Purcell: Beauty is only skin deep.
Ljung: Well, sap, I'm no cannibal. That's deep enough for me.

THE LATEST STEP

Herman: ———and what would you do if you were in my shoes, Addie?
Addie: I'd point them toward the door and give them a sart.

I begged Helen to smile on me
 For I with love was daft
 She smiled she *more* than smiled, for she
 Just held her sides and laughed.

MERCENARY

Louise C.: What can I do to bring him
 to his knees at my feet?
 Margie B.: Suppose you try dropping a
 dime on the floor.

SINGLE TRACK MIND

Father of the sweet young thing: Did I
 see you kissing my daughter?
 Penn: I really don't know, sir. I was
 too occupied at the time to notice.

FAMOUS SAYINGS

Said the Fireman, I like Burns.
 Said the Dwarf, I like Longfellow.
 Said the Crewman, I like Shelley.
 Said the Motorist, I like Hood.
 Said the Cook, I like Browning.
 Said the Soldier, I like Service.
 Said the Humorist, I like Whittier.
 Said the Orphan, I like Holmes.

LAW OF REVOLUTION

Miss Robbins (to Knot and Judge): If
 a policeman caught you fighting, to what
 court would he take you?
 Knot: I would go to the police court
 and Judge would appear in court plaster.

SWEET STUFF

Willie Green: "What do you like best,
 Edna?" said Willie Green as they sat in
 the porch swing.
 Edna: Ice cream.
 Willie: Scream your head off, I'll kiss
 you anyway.

Sometimes—absence makes the heart
 grow fonder—of someone else.

BUDDING HUMORIST

Miss Stout: How do you tell a dog-
 wood tree?
 Little Koenig: By the bark.

LITERATURE OR SCANDAL?

Aunt: Where have you been all this
 time?
 Lota Lee: Out in the hammock with my
 beloved Robert Browning.
 Aunt: You come straight in this house
 and if I hear any more of such scandalous

proceedings, I shall write your mother of
 it.

SPIT-TOON BLUES

On this physics class I sit
 Golly, how I want to spit
 But I must swallow if I can
 This tobaccer like a man.
 By Miss Saliva Cuspidora.

Break, break, break
 At the foot of thy crags, O sea
 You could break 1,000 years
 And never be broke as me.

Hal Grantham (in bed at 8:29 to alarm-
 clock as it goes off): I fooled you that
 time. I wasn't asleep at all.

LET SOLITUDE REIGN

Mr. Lefler sarcastically: "I am not dis-
 turbing you back there am I?"
 Fatty J.: "Will you speak a little lower
 so a teller can sleep?"

CATALOGUE OF GREENSBORO HIGH
 SCHOOL, SITUATION

Ideal. Within twenty-five yards of a
 railroad track. Teaches pupils determina-
 tion in trying to make themselves heard
 above the trains whistle.

DISTINGUISHED FACULTY

Miss Summerell—Instructor in Latin.
 Personal communication with Virgil and
 Cicero. Special emphasis on Ceasars
 method of building and crossing a bridge.
 Also "How to Stable Ponies."

Miss Robbins—Fresh from the slums of
 Pittsburg therefore well qualified to teach
 Economics and Sociology.

Miss Cressit—Instructor in Mathematics,
 nationally known as the woman who put
 the angles in history.

Mr. Barton—Instructor in American
 Literature, philosophy, and cartooning.

Miss Harris—Just out of college un-
 usually well equipped to teach Spanish and
 "Date Reserving."

Mr. Jennings—Four years in a chemistry
 lab.

Mr. Lefler—Just transported from the
 wilds of college—he has never voted or
 blushed; learned History at Trinity. It is
 not known where he learned his jokes.

Miss Coleman—Instructor of French.
 Holds World Amateur Record as cover-

sationalist in both French and English. Has been known to speak 350 cubic words per square minute.

Miss Dorsett—Instructor in English and Self-Control. Text-Book — "That old Sweetheart of Mine" by Riley.

ITEMS OF INSTRUCTIVE INTEREST

"*High Life*" a newspaper published by a demented staff whenever the spirit or an earthquake moves them. They have to give the paper away.

"*The Reflector*," an annual published supposedly by the Senior Class, but in reality by one or two fallen angels. It gives every student the opportunity of having his picture taken at least once.

Junior-Senior Banquet, the pinnacle of G. H. S. social season at which time the Seniors cringe in their last year's dresses and the Juniors strut in their brand new ones.

Yearly intelligence tests, which prove conclusively that the students are sub-normal or abnormal.

Extra large library. Furnished with morris chairs and adjustable drop lights. Atmosphere social and friendly.

Magnificent chapel. Seats strong and durable reinforced with concrete. Perfected acoustic and lighting qualities relieve the students of the necessity of either listening to or looking at the speakers.

A thorough course in "How to be Good—Though Bad," including practical demonstration. Meets in principal's office only on Monday, Tuesday, Wednesday, Thursday and Friday. No credit. Required.

Unusually well developed course in mechanical drawing taught by Mr. Earle De Whitt Jennings. No credit. Required.

Athletics all the year round. Those who survive football under Mr. McFadden take a course in language and basketball under

Mr. Parks. Then in spring everybody goes out for baseball, track, or tennis—given by the Three musketeers Mr. Charlie Phillips, Mr. McFadden and Mr. Lefler.

Post graduate courses in barn yard golf. Any graduate of this school fully equipped to coach a warehouse full of farmers.

Track certificates presented to every person who gets to school on time every day in the year.

THE SHEIK'S DAUGHTER

It was the scene of such Oriental splendor as few are fortunate enough to see even once. The walls were made of polished ivory which sloped inward and formed a perfect dome. From the very center hung a crystal chandelier, the light of which seemed almost super natural, with such an ineffable pink beauty did it gleam. Rich hangings of gold and silver adorned the walls. The floors were made of glass which glistened and sparkled. The effect was delicious. At one end of the room was a dainty throne of solid gold and seated thereon was an exquisite Princess. A fairy like being she was, dainty, with a skin like rose petals, lips of cherry red, sparkling eyes of a deep blue color, and her hair was a mass of golden curls. Gazing at her one almost forgot the slender young prince who was kneeling at her little feet and whose lips were pressing tenderly against her tiny hands.

Yet—Harken the Princess is about to speak! Her eyes darken with some mysterious hidden emotion, her dainty red lips open—ah, she speaks:

"Why in Hell don't you make this fool shave, Mike O'Sullivan, before you turn him loose to come in here and mouth all over me: I've stood a lot from you Artless Picture Co., but I am through—contract or no contract!

THE END

The curtain falls—The play is ended and now “behind the scenes” the staff of 1923 desires to express its deep appreciation to all those who have so generously given of their time and their ability to the preparation and rendering of all that has met your view. To our faculty advisers, Miss Dorsett and Mr. Jennings, whose wisdom and experience in this particular work has been invaluable—and to other members of the faculty who in many ways have aided and encouraged us. To the commercial club who so kindly and efficiently assisted in the preparation of our work for the press, and also to the business men of our city who by their ready responses have aided so materially in our advertising department.

Though the work of the editors is now completed it is the earnest wish of every one that that 1923 REFLECTOR shall labor in their stead to encourage and promote a deeper sense of loyalty and appreciation in their heart of every student, together with a greater zeal and lasting devotion to all the interests of our beloved old G. H. S.

THE STAFF.

*Wherever you may go, you'll need this
Blue Jar with you*

VICKS VAPORUB became famous because of its effectiveness against cold troubles. It is just as valuable for many other ills too, especially for the daily hurts, aches, ailments, and annoyances that befall athletic and outdoor life.

For instance, how many of you "grads," ex-football scrappers, know that Vicks applied over tired, sore and sprained muscles, soothes, relieves and puts pep and ginger into them? If you have never used Vicks particularly after straining a muscle in a violent game, try it.

It is a good plan to take a jar whenever away from home—vacation, camp, or to college in the fall. Use it for sunburn, hay fever, poison oak, summer colds, burns, insect bites and stings, muscular soreness, sore throat, bronchitis, hoarseness and tonsilitis. Vicks is good insurance against serious illness arising from various cold troubles.
